CHICAGO AVIATOR CROSSES CHANNEL

Moissant Wins Fame For Himself and His Country in England.

PERFORMS A DARING FEAT

Goes in Aeroplane From Calais to Tilmanstone and Carries a Passenger—Made on a Bleriot Machine—Features.

Deal, England, Aug. 17.—It has been left for an American to perform one of the most daring feats in the history of aviation. John B. Moissant, of Chicago, flew across the English Channel from Calais to Tilmanstone today, with a passenger, and by this achievement far surpassed the feats of Bleriot, De Lesseps, and the unfortunate English aviator Rolls, who afterwards met his death at Bournemouth.

The two-man flight from France to England was the more astonishing, for it was only a month ago that Moissant learned to fly, and he made so few flights and was so little known among air men that even his nationality was not disclosed. He was reputed to be a Spaniard, and it was only when he landed in England today that it was revealed that he is a young Chicago architect.

To make the feat still more surprising, Moissant was totally ignorant of the geography of his course. He had never been in England and was obliged to rely entirely on the compass.

The channel flight was an incident in the aerial voyage from Paris to London. Moissant left Issy yesterday with Hubert Latham, and reached Amiens in two hours. Latham's aeroplane was wrecked, and this morning Moissant, leaving Amiens at an early hour, headed for Calais. His mechanician, Albert Fileux, who had accompanied him across the country, took his place in the machine, when the motor was set in motion for the dash across the channel.

Moissant cared nothing for the warning of the people, and even the fact there was no torpedo boat to follow in his wake, but only a slow-moving tug, did not deter him. He made the trip in 37 minutes. When he descended his eyes were bloodshot and greatly inflamed, as a result of the heavy rain storm into which they drove on approaching the English coast.

An average height of between 300 and 400 feet was maintained over the water. The aviator expected to land at Dover, but was forced by the wind a few miles north, and made the coast near Deal. The cold was intense, and both Moissant and his mechnician were benumbed. Moissant seemed to take his monumental feat as though it were a daily occurrence. When he revived sufficiently he laughed and said to an interviwer: "This is my first visit to England."

Describing his experiences he said: "This is only my sixth flight in an aeroplane. I did not know the way from Palais to Calais when I started, and I do not know the way to London. I shall have to rely on the compass. I would like to land in Hyde Park if I can find it.

"My mechanician, who weighs 182 pounds, had never been in an aeroplane before, and did not know where I was taking him when we left Paris."

Moissant is 35 years of age. He first visited Paris some months ago and became interested in the study of aviation. He had two machines built after his own design, and found the subject so fascinating that he determined to become a practical air man. His flight today was made on a Bleriot machine which weighs about 800 pounds.

Fileux, the mechanician, a burly Parisian clad in overalls, did not know where he was going when he started, but says that he felt quite at home, as he had the greatest confidence in the pilot.

SULLY'S PLANS OPPOSED.

Alabama Farmers Against Chain of Cotton Warehouses.

Montgomery, Ala., Aug. 17.—Strong opposition to the proposed plan of John Hayes Hammond, Daniel J. Sully and other cotton men to establish a chain of cotton warehouses developed today at the opening session of the Alabama Farmers' Progressive and Co-operative Union.

National President C. S. Barrett and State President W. A. Morris urged the farmers present never to surrender their rights.

LOG TRAIN WRECKED.

Colored Employee of Kingsdale Lumber Co. Killed Near Lumberton.
(Special Star Telegram.)

Lumberton, N. C., Aug. 17.—The log train of the Kingsdale Lumber Company was wrecked this forenoon about six miles from here, killing Andrew Skipper, colored, who was employed by the company and was riding on the train.

The wreck is attributed to a part of one of the cars working loose and dropping down on the track. Four cars were wrecked. Skipper was killed instantly, one foot being cut off, bot arms broken, and his body terribly cushed.

GAYNOR REPORTED STILL IN DANGER

Condition as Critical as Day He Was Shot is Alarming Rumor.

BULLETINS MASKING TRUTH

Understood That Glands in Mayor's Neck Are Swollen Indicating Development of Blood Poisoning—Condition.

New York, Aug. 17.—There were alarming rumors in circulation late today regarding the condition of Mayor Gaynor, founded on a conversation attributed to Robert Adamson, the Mayor's secretary, who was quoted as saying that the Mayor's condition was as critical today as on the day he was taken to the hospital. Mr. Adamson denied the statement, but admitted that he thought the Mayor had not yet passed the danger mark.

Reports from the hospital that the bulletins from the Mayor's bedside were masking the whole truth were widely current this afternoon and evening with considerable basis for credence beneath them. Reports had it that the glands in the Mayor's neck had begun to swell, indicating the development of dreaded blood poisoning; and for this it was reasoned that the swelling increased, pressure on one of the blood vessels abraded by the passage of the bullet might induce a hemorrhage, with immediately fatal results.

Secretary Adamson arrested all these statements, which had found their way into print, with a flat denial. None of the doctors in attendance would even discuss them.

There remains the fact that there has arisen a consciousness among those in touch both with the public and the sick room that the official bulletins are rigorously confined to the stated symptoms, and that at no time have they ventured on an assertion that the Mayor is out of danger, or any definite prognosis of his ultimate recovery.

Counterbalancing the disquieting rumors, the Mayor was able today to eat mild toast and eggs, the nearest approach to solid food since he was wounded. The immediate members of his family still see him only for brief intervals.

Good Day for Mayor.

New York, Aug. 17.—Officially nothing but good news came from St. Mary's hospital, Hoboken, today and tonight concerning the condition of Mayor Gaynor. According to his physicians this was his "best day" since being shot in the neck by James J. Gallagher last Tuesday. This statement was contained in a bulletin, both positive and optimistic, issued at 9:15 o'clock tonight instead of at 9:30, as heretofore.

HISTORICAL PAPERS.

Valuable Documents Given to State by Major E. J. Hall.

Raleigh, N. C., Aug. 17.—A mass of correspondence of great historic value has just been procured by Secretary R. D. W. Connor, of the North Carolina Historical Commission, from Fayetteville. It is a collection of letters and other manuscripts of the late E. J. Hale, for many years editor of the Fayetteville Observer and father of the present able editor of that paper, Major E. J. Hale. These letters and manuscripts have, during their private ownership, passed through four fires and are considerably damaged from this cause. Major Hale has determined to run the risk of no further loss, and therefore turns them over to the State, to be filed in Commission's quarters in the State House, which is fireproof. The collection includes 396 letters from many of the most eminent men of the State and of the United States. They include letters from ten governors of this State—Manly, Holden, Graham, Ellis, Fowle, Caldwell, Swain, Vance and Worth. Among the others are letters from Judges Ruffin, Ashe, Battle and Pearson, John Pool, Giles Mebane, Henry W. Miller, Francis L. Hawkes, Gen. D. F. Hill, John A. Tilmer, Tec Davis, Paul C. Cameron, D. M. Barringer, Victor C. Barringer, Mrs Cornelia F. Spencer and others.

This is the eleventh valuable collection of letters and manuscripts that Secretary Connor has induced the owners to deposit with the State, in the custody of the Histroical Commission. The others are papers of John H. Bryan, Z. B. Vance, Mrs. Cornelia P. Spencer, Governor D. L. Swain, the Charles E. Johnson collection, contaning letters of the James Iredell, judge and governor, and of Governor Samuel Johnston; Calvin H. Wiley, Lord Dartmouth, Governor Johnathan Worth, Judge Archibald D. Murphy. It has come to pass that the Historical Commission has accumulated in these documents and the public archieves of the State, which the commission has in its custody, one of the most valuable collections of historical matter to be found in every country.

Nashville, Tenn., Aug. 17.—That a State convention of Independent-Statewide Democrats will be held here about September 10th for the purpose of indorsing the nominees of yesterday's Republican State Convention is the talk in political circles here tonight.

DEFEAT OF TEDDY IS BEVERLY CHAT

Taft and Sherman Discussed Action of New York Republicans.

"UNCLE JOE" CANNON MUST GO

Vice President Against Speaker of the House—President May Discuss Tariff in His Keynote Speech—Summer Capital.

Beverly, Mass., Aug. 17.—For nearly three hours this afternoon, President Taft and Vice President Sherman talked over the defeat of Colonel Theodore Roosevelt by the New York State Republican Committee yesterday and the selection of Mr. Sherman over Mr. Roosevelt as temporary chairman of the Saratoga convention. Mr. Sherman said he had no intention of withdrawing in favor of Mr. Roosevelt and he treated lightly the stories that there might be a fight to repudiate the action of the State Committee in the convention.

The Vice President also talked with the President regarding the Congressional campaign. He wants the fight to be waged along the old lines.

At Mr. Sherman's solicitation President Taft agreed to point the way in the campaign by writing a letter which is to be made a part of the campaign textbook of the Republican committee.

While the fight apparently is to be directed along the lines of the past, it can be said authoritatively that the feature of the party reorganization plans which calls for the retirement of Speaker Joseph G. Cannon will be strictly adhered to. It is even said that Vice President Sherman, one of the staunchest supporters the Speaker ever had, has become reconciled to the fact that Mr. Cannon must go. A statement is being prepared in quarters close to the administration, in which the attitude recently taken by Mr. Cannon in public interviews will be declared.

Representative Longworth was with Mr. Sherman today. Representative Anthony, of Kansas, so-called standpat delegate, who succeeded in staving off defeat in the recent primaries, also saw the President. Though he supported Speaker Cannon, he too, said that he deplored the stand the Speaker is taking.

President Taft will begin work at once on the letter which is expected to be the keynote of the Congressional campaign. He will address the representative Wm. B. McKinley, of Illinois, chairman of the Republican Congressional Committee. Mr. Sherman urged the President to make tariff the issue.

"On the ground that it is the best tariff bill ever enacted?" was suggested by an interviewer.

"I have never said it was the best tariff bill ever passed," replied Mr. Sherman.

"Stability is the real test of a tariff act. If the Payne law stands longer than the Dingley law stood, then it will have proved itself a better law. If it does not stand as long, then it won't be as good a law."

With regard to New York, especially with regard to the State committee, Mr. Sherman said he had explained matters to the President as far as he understood them.

"Did you explain the turn down of Colonel Roosevelt?"

"I don't know that Mr. Roosevelt was turned down. I only know that another man was selected as temporary chairman of the convention."

Mr. Sherman it is said did not give the President a very roseate view of the general situation. Mr. Sherman holds the reputation of never predicting Republican success unless he feels sure of himself. He is not making any predictions this year. This is what he did have to say: "So far as one can judge at this time there is ground for the belief that the Republican party will continue in power."

President Taft would not discuss the Vice President's visit in any way. He is going ahead with his plans to visit Panama in November.

OUTLINES.

Alarming rumors concerning Mayor Gaynor, asserting that his condition is as critical as the day he was shot caused much anxiety yesterday and were denied by the attending physicians——The new railroad law passed at the last session of Congress, which governs the operation of railroads and wire companies, went into effect at midnight——Statistics showing the importations for the first year under the Payne tariff law to be greater than any previous year were issued yesterday——The new rules governing football in the future have been adopted and materially change the game——A fire which caused damage estimated at $1,000,000 occurred in the warehouse district of Jersey City yesterday——New York markets:' Money on call easy 1-2 to 1 3-4, ruling rate 1 1-2, closing bid 1 1-4, offered at 1 3-4; spot cotton closed quiet 20 points higher, middling uplands 15.90, middling gulf 16.15; flour easy for loose grades; wheat easy No. 2 red 1.07 3-4 elevator No. 1 northern 1.23 1-2 f. o. b. to arrive; corn spot easy, No. 2, 71 3-4 nominal elevator domestic basis to arrive; oats spot dull, new standard white 41 1-2; rosin steady, turpentine firm.

Mrs. Corey May Return to Stage in Grand Opera

New York, Aug. 17.—According to a dispatch from London, Mrs. William E. Corey, who before her marriage to the Steel corporation president was Mabelle Gilman, will return to the stage in a more serious work than before her wedding. It is said that she will take the part of Katherine in "The Taming of the Shrew" and that she will appear only in London. The reason for Mrs. Corey's return to the stage is unknown, but it is presumed the glare of the footlights has proved too strong a temptation, and, even though she does not don the lighter garb of the ballet, she will find pleasure in displaying her ability in a heavier role. A definite date has not been set for the former actress' reappearance.

WRECK ON SOUTHERN RAILWAY

Florida Limited No. 30 Piled Up On Track at Small Station Near Winsboro, S. C.—Said None Are Dead.

Columbia, S. C., Aug. 17.—Southern train No. 30 to Charlotte is reported derailed near Winnsboro. According to official statements given out by the Southern railway late tonight no one was killed and no one seriously injured.

Fifteen persons have been taken from the wreck. So far no dead have been found. All cars except three sleepers were overturned. It is possible that some bodies may be found later.

Charlotte N. C. Aug. 17.—According to meagre information received here the Southern's Florida Limited, No. 30, was completely wrecked near Rockton, a flag station at 10:30 tonight. It is reported that every car left the track, turning topsy turvy, and the wreck was burning. Owing to the remoteness of the scene it will be some time before the number of casualties are obtainable.

AFFAIRS AT RALEIGH

Charters Issued—New Division of Naval Reserves—Blockaders.
(Special Star Correspondence.)

Raleigm, N. C., Aug. 17.—A charter was issued today for the Roanoke-Chowan Telephone Company, of Woodland, Northampton county, with $50,000 capital for establishing telephone lines in Northampton, Hertford Chowan and Bertie and other counties, including communicating lines for Woodland, Jackson, Lasker, Rich Square, Conway, Severn, Murfreesboro, St. Johns, Ahiski, Winton, Menola, Rosabel, Kelford, Lewiston, Aulander, Windson.

Another charter is to the Philadelphia Amusement Co., Salisbury, capital $50,000 by M. L. Jackson and others for theatrical purposes.

Commissions were issued today to M. N. Sawyer, Elizabeth City, W. K. Jacobson, Washington, and L. H. Cutler, Newbern, as commissioners from this State to the Atlantic Deeper Waterways Convention to be in session in Providence, R. I., August 31st to September 3.

Colonel R. L. Leinster is back from Hertford where he mustered in the new division of Naval Reserves just formed there with W. B. Hudson as lieutenant and John G. Nichols as lieutenant junior grade. He says the division starts out most auspiciously with the heartiest sort of support on the part of the town and the county authorities, both of which make annual appropriations toward the support of the division.

Four illicit distillers were captured in this cluntry and brough to jail here today by United States Deputy Marshal J. B. Jordan. They were longwhile blockaders in the Holly Springs section. They are J. Herbert Baker and Walter Pipkin, white, and Theo. Judd and Bill Judd, colored.

Don't fail to go on the Seaboard Mountain Special August 23rd. Only $5.00 round trip. Call on and write F. A. Fetter, Office Orton Hotel. **

FIRST YEAR NEW TARIFF LAW

Importations Show Larger Increase Than Any Previous Period—Operating Under Payne Act—Statistics Are Furnished.

Washington, Aug. 17.—Importations into the United States during the first year of the operation of the Payne tariff law were larger than in any previous year, as also was the value of those entering free of duty; and the customs receipts, amounting to $327,873,672 were larger than in any previous year except 1907; while the monthly average of customs receipts under the Payne law has been greater than under the Dingley, Wilson or McKinley laws.

Figures prepared by the Bureau of Statistics for the year ending August 1, 1910, a year lacking five days of the operation of the new tariff law, show that the total imports during the period amounted to $1,562,621,181, of which 49.15 per cent. entered free of duty. This is the largest amount entering free of duty except under the McKinley law, when a little more than 53 per cent. came in thus.

The monthly average of customs receipts under the present law has been $27,322,806, as against $21,676,085 under the Dingley, $25,857,938 under the Wilson and $14,571,240 under the McKinley laws. The average ad valorem duty under the present law on all imports, which have been 20.98 per cent. is lower than in any corresponding period during the past 20 years except the second year of the Wilson tariff, when it was 20.77 per cent and in the last year of the McKinley tariff when it was 19.11 per cent.

The average ad valorem rate on dutiable imports, which under the Payne law has been 41.26 per cent. is lower than at any time during the past 20 years, except in 1895 and 1896, under the Wilson law, when it was 41.18 and 38.48 per cent. respectively.

TRIPLE LYNCHING EXPECTED

Slayers of Alabama Officer Pusued By Citizens.

Mobile, Ala., Aug. 17.—With a triple lynching almost certain to follow their capture, armed citizens of Bay Minette, Ala., a small town East of Mobile, are pursuing three negroes who tonight shot and killed town marshal, Jos. Smith. Bloodhounds and officers were sent from Mobile to assist in the search.

On the request of a white woman in front of whose home the three negroes turpentine hands, were loitering, Smith went to the scene to arrest the negroes. Two of the negroes opened fire when the officer appeared, Smith being instantly killed.

Sulphud, Okla., Aug. 17.—Attorners' fees again occupied special attention today at the hearing before the special committee appointed by the House of Representatives to investigate Indian affairs. Douglas H. Johnson, Governor of the Chickasaw tribe, was on the stand most of the day. When asked again how it was that he deposited $75,000 to his personal account shortly after McMurray had received the $750,000 Johnson replied that he never had $75,000.

NEW RAILROAD ACT GOES IN EFFECT

Measure Passed by Recent Congress Became Effective at Midnight.

GOVERNS WIRE COMPANIES

Commission Operating Under New Law for Some Time—Commerce Court and Long and Short Haul Provisions.

Washington, Aug. 17.—At midnight the new railroad law will become effective. Immediately upon the passage of the act, 60 days ago, sections of the law relating to the suspension of rates went into effect. Since that time the Interstate Commerce Commission has been operating under the law.

It is not the intention of the commission to take any formal notice of the effectiveness of the law by the issuance now or at any future time of a formal statement concerning its provisions. All of them are assumed by the commission to be well understood.

A conference was held by the commission with representatives of the telegraph and telephone companies concerning the law as it applies to them. The companies expressed a desire to do all in their power to facilitate the work of the commission so far as it might relate to them. Hereafter, of course, as common carriers under the law, the telegraph and telephone companies will have to file reports with the commission concerning their business just as the railroads now do. The officers were informed, also that after today no franks for messages could be legally issued except as governed by the anti-pass provisions of the Hepburn Act. After today, the heretofore issuance and the use of telegraph and telephone franks are barred by the statute.

The long-and-short haul provision of the recently enacted law, while it becomes effective at once, actually will not be operative for six months, as that time is allowed for the carriers to adjust with the commission their tariffs with respect to that provision.

No announcement yet has been made by President Taft of appointments to the Commerce Court or to the commission to make investigations under the new law. It is scarcely likely that the Commerce Court will be created and be into operation before some time early in the coming year.

ELUDED MOB WITH NEGRO.

Landed Murderer Safely in Jail After Strenuous Night.

Hinton, W. Va., Aug. 17.—Walking and driving across country and plunging through dark forest paths Sheriff Wiseman and one deputy has eluded the mob scouts, who sought information as to their whereabouts and have landed Thomas Raymond, a negro, safely in jail at Princeton, W. Va.

The Fayetteville and Charleston military companies which were rushed to this city when last night's mob threatened to lynch Raymond, left for home this afternoon. All danger of a lynching is believed to be over.

According to the messages received from Sheriff Wiseman, he and Giliah Townsley, his deputy, got a wagon after they had rushed Raymond passed the mob while the militia held them in check with bayonets last night. A twelve hour drive over rough roads, followed but by taking to by-paths, they escaped observation.

Bluefield, W. Va., Aug. 17.—Tom Wayne, the negro suspected of the assault upon and murder of Mrs. Alless at Quinnimont last Sunday night, was brought here tonight and taken later to Welch. Sheriff Wiseman, of Summers county, and two deputies swam New river and waded through Green Brier river with their prisoner at Hinton last night in saving him from the mob.

They obtained a farm wagon this morning and took their prisoner under a load of hay to Princeton, where they lodged him in jail. The mob was reported to be following and the officers with their prisoner drove 12 miles across the mountains to this point. They had about fifteen minutes to wait for a train and the news spreading, some excitement resulted. A special train bearing a detachment of troops was en route to Princeton from Charleston when the Mercer county officers decided to fly with the prisoner. It is believed here that the statement that he would be taken to Welch was a ruse and that he will be taken to Charleston.

The crime of which the negro is accused was a most fiendish one. John Alless was struck unconscious and brutally assaulted and his wife, a 17-year-old bride of three weeks, was assaulted and murdered. Wayne strenuously denies any connection with the crime but blood spots on his clothing were found and there is other evidence that he is guilty. At Hinton tonight John Alless said he believes Wayne is the man wanted.

The opportunity of a lifetime to purchase one of the small farms on the Chadwick farm, one mile east of Wilmington, on August 23rd, at auction 10:30 A. M. **

BERRY GROWERS HOLD MEETING

Report Submitted Showing Money Received From Berries Since 1897.

REPRESENTATIVE GATHERING

William E. Springer Re-Elected President—Special Meeting Will be Held in November to Devise Ways and Means.

The fourteenth annual meeting of the East Carolina Truck and Fruit Growers' Association was held in the Court House yesterday afternoon, having been called to order at 3 o'clock by President William E. Springer, of the association.

A representative gathering of truckers from all over the berry belt was in attendance, and the meeting was harmonious throughout. It was thought that the association would probably discuss ways and means of maintaining the organization in the future, but the executive committee recommended that the chairman appoint a committee of five to investigate the matter and report to a special meeting of the association, to be held in November, and the report was unanimously adopted. The annual report of the executive committee, and also the report of Secretary H. T. Bauman are of more than usual interest. Mr. William E. Springer was re-elected president.

Yesterday morning the executive committee met in the office of Secretary Bauman and went over the annual report to be submitted to the board of directors. Later a meeting of the directors was held. At the first meeting Mr. J. A. Brown was the only absent member, and all of the directors were in attendance except Mr. J. B. Oliver, of Mt. Olive; Mr. J. A. Brown, of Chadbourn; Mr. William Struthers, of Grists, and Mr. S. J. Sarvis, of Mt. Tabor. Mr. S. H. Strange, treasurer of the association, submitted his report to the Board of Directors, and it was approved and ordered placed on file.

In calling the stockholders' meeting to order, President Springer said he had no remarks to make as to what he would say if he did make an address, was embodied in the recommendations made by the executive committee. He requested the secretary to read the report, which was done, and, there being no adverse comments, the report was unanimously adopted upon motion of Mr. W. L. Hill, of Warsaw. The report is as follows:

Report of Executive Committee.

To the Board of Directors of the East North Carolina Truck and Fruit Growers' Association:

Gentlemen: The following annual report of your executive committee is herewith respectfully submitted:

Stimulated by the achievements of the East Carolina Truck and Fruit Growers' Association in the past for the benefit of the growers at large, and determined to carry forward to a successful finish the patriotic work already inaugurated by this organization, the Executive Committee meets today with renewed hopes for the future, soliciting the co-operation and support of the growers, offering them stewardship in the past as a guarantee of their loyalty and fidelity in the future.

The only disturbing factor of any note in the strawberry business this season was the organization of an exchange by outside parties, in the Chadbourn section, somewhat on the plan of the Georgia Fruit Exchange, and while quite a number of growers took stock in it, and looked to it for protection and profit, we are reliably advised that it did not accomplish for its members all that was promised, and in comparison with those who shipped and sold otherwise, was less satisfactory in a great many respects.

The timely action taken by the Executive Committee in March last, relative to the strawberry short quart measure, heretofore manufactured in Eastern North Carolina, and the ban that was put upon it by the authorities of New York and Massachusetts, practically assures the manufacture in future of a standard measure that will meet all requirements in these or any other States.

The fact that the law against the short quart from this State was not rigidly enforced in New York and Massachusetts this season, was due in a large measure to the interviews held by the joint committee appointed by the Association and Crate Manufacturers, with the inspectors of weights and measures in these States, and before whom was laid the facts as they existed in this territory, with our growers and manufacturers. The estimate made by the growers and manufacturers in March, of the number of crates of short-quart measure held by each was: Growers, 50,000; manufacturers, 250,000. The actual number of crates shipped this season into New York City was 68,405, and into New York State 71,696; total, 140,101.

The number shipped to Boston was 38,8467, and to other points in Massachusetts 24,180; total, 63,027. Total for both States, 203,128 crates. Basing the price of crates at 20 cents, the sum of $40,625.60 was directly involved, and but for the action taken by the association, there is no doubt

Raleigh	000 000 000 000—0	4 3

Summary—Sacrifice hits, Doak, Keating; bases on balls, Howard 2, Jobson 1; struck out, Howard 7; wild pitches, Howard 1; two base hits, Doak, Hoffman; double plays, Tydeman to Dubbs; left on bases, Wilmington 5, Raleigh 4; passed balls, Hudson 1; time 1:45; umpire, Henderson; attendance 600.

AMERICAN LEAGUE.

Washington, Aug. 17.—Washington and Detroit played in the rain again today, the victory going to the latter in the 13th inning 4 to 2. The fielding was remarkable under the conditions many sensational plays being made by McBride, Cobb and Bush. Cobb spiked Eberfeld in the ninth inning and the latter had to retire from the game. Moriarity was put off the field and out of the game for continued objections to Umpire Kerin's decisions. The score:

Washington . .000 010 000 000 1—2 10 2
Detroit . . . .000 000 001 000 3—4 6 1

Gray and Ainsmith; Summers and Stanage. Umpires Kerin and Connolly. Time 2:15.

Cleveland, Aug. 17.—Cleveland took the last of the series from Philadelphia today 5 to 2. Cleveland made its hits with men on bases while the Athletics had runs cut off by double plays. Harkness relieved Mitchell with the bases filled and one out in the sixth. Oldring hit a fly to Birmingham, who doubled Livingston at the plate.

Cleveland . . . . .100 101 02*—5 9 1
Philadelphia . . . .002 000 000—2 11 0

Mitchell, Harkness and Easterley; Morgan and Livingston. Umpires Colliflower and Evans. Time 1:35.

No other games scheduled.

TO ADVANCE THE SOUTH.

Work of the Commercial Congress. First Meeting in October.

Washington, Aug. 17.—G. Grosvenor Dawe, managing director of the Southern Commercial Congress, wrote today each of the governors of the sixteen States requesting that they appoint ten representative business men from their respective States to meet in Atlanta, Ga., October 7th next, concerning the plans of the general meeting of the Congress to be held in Atlanta next March.

At the October meeting it is proposed to develop plans which will make the March meeting the greatest gathering of business men to develop the South's resources that has ever been held. Ex-President Roosevelt will address the March meeting.

Governors Mann, of Virginia; Gilchrist, of Florida, and Comer, of Alabama, have already notified Director Dawe that they will take pleasure in appointing ten delegates to the conference from their States.

Clarence J. Owens, who resigned the presidency of the State College at Abbeville, Ala., to become Commissioner of Agriculture and Immigration for the Congress, arrived here today. Concerning the plans which he shortly will begin to develop for Congress, Mr. Owens said:

"For possibly a year I shall travel over the various Southern States, getting into personal touch with men who are progressive agriculturalists, or who are working to spread agricultural knowledge. After that it is planned that I shall be located in Washington at the offices of the Southern Commercial Congress, to bring together out of the efforts of the National Department of Agriculture, and out of the individual efforts of the States of the South, all progressive features, so that, through our organization, whose duty it is to work for the South and thus to help build up the nation, all agricultural advantages may be made widely known and quickly utilized.

"It will also be my duty, in journeying through the South, to understand the sentiment of the whole region in relation to immigration, and thus to co-operate with all the forces that are attracting the attention of the world to the agricultural portions of the South."

BASEBALL BURLESQUE GAME

Played Yesterday for Benefit of Associated Charities—Plenty of Fun and Frolic and Something for Worthy Cause.

Those who missed the game yesterday afternoon at League Park, between the Grown-Ups and the Kids, for the benefit of the Associated Charities, certainly denied themselves a rare treat which they not often have the privilege of enjoying.

The game originally was to have been between the Singles and Married Men, but upon failure of the team of Benedicts to show up, the Bachelors, not to be outdone, challenged the Kid team which was already upon the field, the challenge was promptly accepted, and the game started at 4 o'clock. It was then nip and tuck until the third, when with the score one to one the Grown-Ups got onto Bergen, who was pitching for the kids, and when the side was finally retired the score stood five to one. Playing a great uphill game the Kids finally got onto Sweeney and knocked him all over the lot, he being replaced by Terry who pitched the remainder of the game.

The features of the game were the batting of Mr. Roger Moore and Mr. Norcum Sweeney, of the Grown-Ups, and the fine work of the Kid battery, Sweeney and Bergen, the Grown-Ups culling nine hits only off the delivery of Bergen.

A special feature of the game was the base running of Mr. Walker Meares, who got one hit, and one sacrifice bunt which he beat out. He also played an errorless game in the right garden.

The only bone-head play was made by Yates of the Grown-Ups, who after recovering a hit tried to catch the man stealing third when the man who batted the ball was marathoning to first. Another noticeable feature was the box work of (Handsome) Terry, who replaced Sweeney in the third. Not being satisfied with pitching star ball, he tried to play the whole infield.

Mr. George Rountree acted as umpire until the third when after being roasted good and hard by both team and spectators, made the excuse that the sun affected his eyes and retired in favor of Mr. Sweet, Mr. Roberts and later Mr. R. H. Pickett. Mr. W. P. McGaughon acted as official scorer, and with his assistants, were kept busy during the entire game, keeping track of the errors. The following is the score:

Grown-Ups . . ..103 001 210—8 11 13
Kids . . . .103 000 120—7 9 7

Pearsall and Clifton, of the Grown-Ups, were credited with a two-bagger each and Sweeney and Mr. Moore had two each, Sweeney also poling out a three-bagger. The hitting of the Kids was done mainly by Sweeney, Bergen and Bowden, the latter getting a three-bagger.

Later—The Kids have entered protest of the game having as their grounds the fact that (Curly) Terry was not a member of the Grown-Up team and had been drafted by them, from the grandstand. They claim furthermore that said Terry was not playing under the National Agreement and that alone barred him from the game.

TO PALE, THIN PEOPLE.

Druggist J. Hicks Bunting Offers to Pay for Samose if it Does Not Make Thin People Fat.

Samose, the remarkable flesh forming food should be used by all who are pale, weak and thin. It mingles with the food and aids assimilation, so that when taken for a short time, Nature will soon assert her normal powers, and the food that is eaten will give strength and good flesh.

Weigh yourself before you commence the use of Samose, and you will notice a steady gain. Samose is a scientific flesh-forming food that restores the thin and scrawny to their proper weight, and fills the weak and debilitated with vigor and vitality.

Such remarkable results have followed the use of Samose that Druggist J. Hicks Bunting is willing to pay for the treatment if it does not give the desired results.

Sent prepaid on receipt of price, 50c.

WILSON WON OUT IN NINTH

Score Two to One in Close and Exciting Game With Railroaders Yesterday Afternoon—"Reddy Stewart Adds Another.

(Special Star Telegram.)

Wilson, N. C., Aug. 17.—It looked all through the game like last season's Champs would drop another to the Railroaders this afternoon and that Boyle had won his game in the first when Gastemeyer scored. Wilson piled up goose eggs until the ninth when Phelan singled; Sharpe beat the air; Hearne who was batting for Stewart, singled to right, advancing Phelan to third; Sheridan scoring Phelan on an infield hit; Jacobs hit to short forcing Hearne at third; Forgue fumbled Miller's drive to short, scoring Sheridan from second, sending Rocky Mount to third place in the percentage column. The feature was the excellent support of the home team, which places another game to the credit of Reddy Stewart.

10 INNINGS AT FAYETTEVILLE

Two to One Victory for Kilties in the Highlands Yesterday—Mayer's Effective Work—Umpire Freeman Roasted.

(Special Star Telegram.)

Fayetteville, N. C., Aug. 17.—In a pretty 10-inning pitchers' battle in which Mayer, the leading pitcher of the Eastern Carolina League, added another good twirlers' scalp to his belt, Fayetteville defeated Goldsboro, 2 to 1, by splendid pinch hitting, combined with Mayer's strong flinging.

Calvin scored both Fayetteville's runs. Pinch hits by O'Halloran, batting for Cantwell and Landgraff, brought in the tieing run, while Hartley, hitting for Brandt in the tenth, singled with two runners waiting to score. Not a single clean outfield hit was secured off Mayer. Boyce also pitched strongly, but Fayetteville would have won easily but for the efforts of Umpire Freeman, of Goldsboro, who was roasted to a turn by the spectators.

NATIONAL LEAGUE.

Philadelphia, Aug. 17.—Philadelphia regained fourth place today by winning two games from Cincinnati by 7 to 3 and 4 to 3. Cincinnati's errors were costly in the first game, while their misplays were also bunched with the home team's hits in the second contest.

Cincinnati . . . . .000 001 101—3 13 3
Philadelphia . . . .000 031 12*—7 11 4

Beebe, Benton and Clarke; Slack and Dooin. Umpires O'Day and Brennan. Time 1:55.

Cincinnati . . . . .002 100 000—3 7 3
Philadelphia . . . .001 001 20*—4 12 1

Burns and McLean; Brennan, Moore and Dooin. Umpires Brennan and O'Day. Time 1:34.

Brooklyn, Aug. 17.—Brooklyn beat Chicago 7 to 5 in the first game of today's doubleheader and was shut out in the second, 2 to 0. The home team batted Overall out of the box in the third inning of the game. McIntyre who relieved him was hit hard. In the second contest Cole would have had a no-hit game but for Tinker falling while chasing Rucker's fly in shortfield.

Chicago . . . . . .100 001 111—5 8 1
Brooklyn . . . . . .005 011 00*—7 11 1

Overall, McIntyre and Kling; Knetzer and Erwin. Umpires Johnstone and Eason. Time 2:00.

Chicago . . . . . .010 000 001—2 5 1
Brooklyn . . . . . .000 000 000—0 1 3

Cole and Archer; Rucker and Erwin. Umpire Johnstone and Eason. Time 1:45.

New York, Aug. 17.—Pittsburg evened up on the series with New York today with a 2 to 1 victory. This score has marked all the other games of the series. The locals outbatted their opponents today but had three men cut off at the plate. Wagner struck out twice, but his single in the second inning was the start of Pittsburg tallies.

Pittsburg . . . . . .020 000 000—2 6 1
New York . . . . . .100 000 000—1 9 2

Philippe and Gibson; Drucke, Crandall and Wilson. Umpires Rigler and Emslie. Time 1:44.

Boston, Aug. 17.—Boston closed its home series by defeating St. Louis today 4 to 3. The locals made only three hits but with two errors and Corridon's wildness they were enough to win.

St. Louis . . . . . .100 000 020—3 9 2
Boston . . . . . .003 001 00*—4 3 0

Corridon and Phelps; Mattern and Raridon. Umpires Klem and Kane. Time 1:55.

RULING FOR BIG LEAGUES

In Regard to Releasing Player With Option on His Services.

Cincinnati, Aug. 17.—After declaring Ernest B. Lush, formerly a player on the rolls of the New York and St. Louis National League teams, and on the Troy, N. Y., team, a free agent, the National Baseball Commission today promulgated the following ruling:

"If a player is released by a minor league club without notifying the club having an option on his services, they are responsible for his salary until he gets another engagement. If they do notify the club holding the option that they are to release the player, and do not hear from that club within three days, they will be permitted to release the player outright."

MOUNT OLIVE NOTES.

Two Deaths Recorded—Personal and General News Notes.

(Special Star Correspondence.)

Mount Olive, N. C., Aug. 17.—News was received here yesterday of the death of Mrs. Chas. F. Southerland, of Greensboro, N. C., after an illness of some months and a treatment of several weeks in a hospital. Mrs. Southerland was formerly Miss Emma Hearn, of Albemarle, Stanly county, and taught in the graded school here for two or three terms, and it was while holding this position she met and married Mr. Southerland, who held a responsible business position here with the R. J. Southerland furniture house. Mr. Henry R. Southerland, of this city, left yesterday for Greensboro to be with his brother in his sad bereavement. Both Mr. and Mrs. Southerland were very popular with a wide circle of friends and relatives while living in Mount Olive, and the entire community feels a deep and real sympathy for Mr. Southerland in his irreparable loss. Mrs. Southerland died at the Whitehead-Stokes Sanitorium in Salisbury, N. C., and was buried at her former home at Albemarle, Stanly county.

Mrs. Harriett Loftoin, of this city, after a serious illness of several weeks, died at her home here yesterday afternoon at 4 o'clock, in the 82nd year of her age. She was preceded to the grave about five years ago by her husband, Mr. John H. Loftin. Among the surviving children are Miss Julia Loftin, Messrs. Major W. and Wait W. Loftin and Mrs. J. B. Oliver, of Mount Olive; Mrs. Mattie Smith, of Goldsboro, and Mr. John H. Loftin, of Columbia, S. C. The funeral took place from the home this afternoon at 4 o'clock, conducted by Rev. P. A. Armstrong, pastor of the Baptist church here, of which Mrs. Loftin was a faithful and consistent member. She was a true and ideal mother, and the children, grandchildren and other relatives have the tender sympathy of their many friends here and elsewhere.

Mr. I. F. Hill, of Durmam, N. C., was in the city yesterday on business.

—A revival is in progress at the Baptist church here, the services being conducted morning and night by the pastor, Rev. P. A. Anthony.

The daily rains in this section during the last two weeks have created some anxiety as to the crop conditions, it being feared that considerable damage will be done to corn cotton, and some other crops.

An interesting game of baseball is scheduled to take place here Friday afternoon, between the "fats" and "leans," the latter including our popular Mayor, Mr. J. E. Kelly. Much fun and amusement is promised the spectators, as most of the players on either side have never been in a game of ball.

Mr. Ben. W. Southerland is to be highly commended for the splendid manner in which he has undertaken to repair and clean the street and sidewalk along the front of his property on Center street, and his example might be followed by other property owners here with credit to themselves and the town. It adds not only to the apearance but likewise to the sanitary condition of our streets.

AFFAIRS IN COLUMBUS.

Godwin and Clark Supporters—Crop Conditions.

Whiteville, Aug. 17.—The Star representative has talked with a number of farmers from the country, both Godwin and Clark men, and without a single exception they declare their intention to loyally abide by the recommendation of the State Executive Committee, it matters not what it be. All Democrats are rejoicing over a settlement of the trouble that threatened to disturb the party, but the Republicans are not at all pleased.

A leading Godwin supporter in this county, who is behind the scenes, says that it matters not what the committee recommends it means that his candidate will win. He says if a primary is called Godwin will sweep the district; but if the convention is reconvened Godwin will be nominated on the first ballot this time; that the Cumberland delegates are now for Godwin, since Cook is out of the race, and their votes will safely land him The friends of Congressman Godwin are very hopeful of his winning.

On the other hand, the Clark men are equally as confident. They say that Godwin has lost heavily since the first primary, and if a second election is called he will lose more votes than he can make up in Cumberland. It is conceded that Godwin has captured Cumberland. There is also a report in circulation that the committee stands two in favor of declaring Clark the Democratic nominee, one in favor of calling the convention again to decide the matter, and the fourth member has not decided. There is a strong impression that the State Executive Committee will declare the convention that nominated Mr. Clark regular and that he is the nominee for Congress in the Sixth district.

Farmers in Whiteville this week say the excessive rains have seriously injured crops, and cotton in many sections will be cut off half. Late sweet potatoes have been taken by grass and cannot be cleaned. Owing to continued rains neither fodder nor peavine hay can be saved, so a forage famine threatens the country next Spring.

Tobacco growers are complaining about the prices paid this season and many say they will next year abandon the cultivation of the weed altogether or greatly curtail the acreage. But our warehouses are doing a rushing business.

Mr. Clyde Council, of Wannanish, announces that he would accept the nomination for the Legislature if the people want him, but he will not enter into a scramble for the office. Mr. Council is a son of Hon. John P. Council, of Wananish, and is one of our brightest and most popular young men

Struck a Rich Mine.

S. W. Bends, of Coal City, Ala., says he struck a perfect mine of health in Dr. King's New Life Pills for they cured him of liver and kidney trouble after 12 years of suffering. They are the best pills on earth for constipation, malaria, headache, dyspepsia, debility. 25c at Robt. R. Bellamy's.

PRESIDENT PEDRO MONTT.

Details of His Sudden Death in Bremen—Chile Mourns.

Bremen, Aug. 17.—The death of President Pedro Montt, of Chile, in this city last night, was unexpected. He was preparing for bed when he was seized with cramps of the heart and died almost instantly. His wife was with him at the time. The hour was a few minutes before 12 o'clock. Almost all the members of the presidential party were still up engaged in conversation with Senor Besa, secretary of the Chilean legation at Berlin, and other attaches who had met President and Mrs. Montt here on the arrival of the steamship Kaiser Wilhelm der Grosse from New York.

As soon as it was seen that Senor Montt's condition was serious a physician was summoned, but it was too late. The doctor did all he could to save his patient, but without success. President Montt passed away almost instantly.

It had been the intention of the President of Chile to go to Bad Nauheim passing through Berlin on his way.

The body of Senor Montt has been embalmed and probably will be taken to the Catholic church of St. Johannes, where it will rest until its final disposition has been decided upon. The members of the late President's suite are of the opinion that the Chilean government will send a warship here to convey the remains back to Chile.

Buenos Ayres, Aug. 17.—The American Minister Charles H. Sherrill, accompanied by the secretaries of the legation and the military and naval attaches, called on the Chilean Minister Senor Cluchaga today and expressed profound regret at the death of President Montt. Minister Sherrill has postponed the reception which he was to have given tomorrow in honor of the delegates to the Pan-American Congress.

Washington, Aug. 17.—For three days the flags on all government buildings in the District of Columbia will fly at half mast as a mark of respect to the late President of Chile, Pedro Montt, who died at Bremen, Germany, yesterday. This order went out tonight to the acting heads of the departments by direction of President Taft.

The President also sent through the State Department to Senor Elias Fernandez, vice president of Chile, an expression of the sympathy of the American people with the Chilean nation and his own condolences in the loss that country has sustained in the death of President Montt. Secretary Knox also sent an expression of his regret.

"UNCLE JOE" SEEMS TIRED.

Tells Old Settlers in Illinois He May Never Address Them Again.

Cissna Park, Ill., Aug. 17.—Speaker Jos. G. Cannon today told the old settlers of Iroquois county that he probably was addressing them for the last time, His speech, which had been regarded as the opening of the Illinois Congressional campaign contained little of its usual vehemence.

"I may never see you again," he said. "In the nature of things this is probably the last old settlers meeting I shall ever address in the goodly county of Iroquois. The graves of my forebears are in Indiana and Illinois and mine, when I come to cross over, will be in Danville.

"My children and your children have a common lot in the general prosperity of this country, or the lack of it, and we have not only to take care of ourselves, but of the demagogues who have hampered the general progress with their false statements and false promises.."

"The demagogues would have you destroy the railroads," continued Speaker Cannon, "which have brought about your prosperity. May God send enough men into public life, honest, brave and courageous men, to stop this racket.

"You might think, to hear certain parties talking of conservation," he continued, "and of the destruction of our forests, that we should depopulate our cities and farms to restore the forests to their old time glory.

"The system we are under is a pretty good system. It is capable of improvement, of course and the way to maintain our present prosperity and to increase it is to maintain the protective policy of Lincoln, Grant and Garfield. I mean James A. Garfield; make no mistake as to the middle name.

"I might make myself popular with the populists by advocating destruction, but I thank the Lord that there are few populists in this district.

"But we have to go on taking care of ourselves, while for the next two years Kansas can take care of itself. Then we must take care of it again as we have for ten years of its history."

FREIGHT MEN CONFER.

Meeting of Agents and Other Officials Yesterday at Rocky Mount.

(Special Star Correspondence.)

Rocky Mount, N. C., Aug. 17.—The loading of freight and its handling within the shortest possible time and with the least loss or damage was the one and only subject under discussion at the meeting of railroad employes and officials held in the assembly hall of the Ricks Hotel this morning beginning at 10 o'clock. The meeting was attended by about 65 persons who are allied with the railroad work over the first division of the company, and half of the number were freight agents from the principal points along the lines of the company in the Carolinas and Virginia.

The meeting was presided over by Mr. A. C. Kenly, of Wilmington, who is the superintendent of freight for the system. Others prominent in railroad affairs who were in attendance were: Mr. W. H. Newell, general superintendent of the First Division; Mr. J. T King, of Wilmington, car accountant; Mr. W. B. Darrow, superintendent of transportation, and Mr. Weister Shoemaker, the superintendent of the bureau of explosives, of Richmond. The secretary of the meeting was Mr. H. S. Corey, of this city.

In addition to the gentlemen above named, who were in attendance, the following division superintendents were present: Mr. J. A. Fountain, of Wilmington; Mr. B. J. Hughes, of Norfolk; Mr. E. Phenneger, of Richmond, and Mr. C. L. Porter, assistant superintendent, of Rocky Mount. All of the trainmasters over the division and all of the special agents were present, while 38 freight agents representing every one of the important offices of the company were present.

This meeting is the largest that the railroad company has ever held in this city, and there was a representative from every branch line or place of importance along the lines of the company over the first division.

White Mountain REFRIGERATORS

are strong, durable and sanitary. Having a removable ice chamber with duplex grate and removable waste pipe makes it easier to keep clean than any refrigerator made.

Several styles to select from.

Hardware.

Notice!

The annual meeting of the stockholders of the East Carolina Truck & Fruit Growers Association will be held in Wilmington, N. C., in the court room of the county Court House August 17th, 1910, at 2:30 P. M. All stockholders are earnestly requested to attend.

By order of the President.

H. T. BAUMAN, Secretary.

Note. Special round trip rates will be issued by the A. C. L. R. R. Co., good from morning of the 16th inst. to 19th inst., inclusive.

All growers interested in truck and strawberry culture, other than members of the Association, are cordially invited to attend this meeting.

Why Have an Overheated Kitchen in Summer?

When the sultry days come and the coal range makes the kitchen almost unbearable and cooking a dreaded task, put out the range fire and try the newest method of cooking in hot weather—use a

New Perfection
WICK BLUE FLAME
Oil Cook-stove

What a contrast! The kitchen no longer is stifling hot, the work is now done with comfort, and the housewife is not worn out with the heat.

Cautionary Note:—Be sure you get this stove—see that the name-plate reads "New Perfection."

She saves her strength, keeps her health and is better able to enjoy the summer.

The New Perfection does everything that any other stove can do—all the family cooking, baking, washing and ironing. No smoke, no dust, no odor. Heat is applied directly and not wasted. A turn, and the flame is out.

The New Perfection stove has a Cabinet Top with shelf for keeping plates and food hot, drop shelves for the coffee pot or saucepans, and nickeled towel racks.

It has long turquoise-blue enamel chimneys. The nickel finish, with the bright blue of the chimneys, makes the stove very attractive and invites cleanliness. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

Every dealer everywhere; if not at yours, write for Descriptive Circular to the nearest agency of the

Standard Oil Company
(Incorporated)

Honest Clearance Sales

A CLEARANCE sale is a good place to lay in supplies, provided you know the goods you are buying or know the dealer. When you know both you are absolutely safe.

We are offering special bargains in summer weight suits. Among them you'll find a large number bearing the label of

Hart Schaffner & Marx

Our reason for making greatly reduced prices is a simple business reason.

Every suit represents a certain amount of our money and it occupies so much of our shelves. We want to put the money in fall goods and we want to put those goods on the shelves occupied by summer suits. The solution is plain. We offer you the summer suits, just when you need them, at ridiculous prices. Come in and prove it.

A few more Manhattan Shirts left at the cut prices.

The A. David Company

This store is the home of Hart Schaffner & Marx clothes.

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY (Inc.) Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under act of Congress, March 2nd 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carrier in the city or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards or thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office No. 51; Editorial and Local rooms No. 61. Call either if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will be invariably rejected unless the real name of the author accompanies the same, not necessarily for publication but as a guarantee of good faith.

Thursday, August 10.

Alabama boasts that she is "preparing to sell corn to other States this Fall." Nevertheless, Alabamaians will go right on ordering their supply of Old North Carolina Corn from Kentucky.

Morehead was made State Chairman but it was because Butler did more head work than Morehead. However, Claud Bernard boasts that he was on the ground floor while it was being done.

The reason so many States show little increase in inhabitants is that folks leave their native States as soon as they hear about the splendid opportunities in North Carolina. They buy their tickets for Wilmington and stay here or hereabouts.

The battleship fleet got too close to the Massachusetts shore and the result was that some of the sailors came very nearly loosing their lives. They went ashore, and, little dreaming that they were in the enemy's country, they had wood alcohol put off on them for the real article.

Lest we forget. The recent State Republican convention agreed with President Taft and all Democrats that the President's reasons for appointing a Democrat instead of a Republican to the Federal bench in North Carolina could not be disputed.

The "Big Injun" who plunked $75,000 in an Oklahoma bank had such a poor memory he could not tell the Gore investigation committee where he got the wealth. It is an outrage to dope a poor Indian and leave him in such condition that when he wakes up and finds a "wad" on his person he has no idea where it came from.

A Florida editor insists on the right to express his own opinions. He is right so far as he goes but he must fully recognize the right of some other fellow to refuse to attach as much weight to his opinion as he does. No doubt some people didn't agree with Solomon but Solomon went right on and paid no attention to people not in his class.

In his letter on Tuesday concerning an invitation to address the Southern Commercial Congress in Atlanta next Spring, Col. Roosevelt lauds the Solid South and approves of the statue of General Lee in Confederate uniform as it stands in the Halls of Congress. Nothing on earth will now prevent Senator Heyburn from considering Colonel Roosevelt the chief of all insurgents.

Alas! the white man, with mind tutored in the law, has steered an Indian chief up against graft—one bunch of $75,000 in a lump. A poor Indian with only $500 in the bank but a position of great influence with his tribe, is suddenly made a malefactor of great wealth by contact with white men who know how to do things. Today we may be standing in the line for a meal ticket. Tomorrow we may score heavily with the "insolent rich."

President Taft it seems, wants to eliminate Uncle Joe, Senator Aldrich and Secretary Ballinger from the campaign because they are aspects that might stampede the voters in the direction of the insurgents or the Democrats. They need not get mad, because the President won't even risk himself to go out on a speaking tour for fear he will say something that will get the horse laugh, like his Winona speech in which he wouefully slipped up in saying that "the tariff law is the best the country ever had." The President has every reason to fear that he might put his foot in it by some other such political flapdoodle.

THE "UNDESIRABLE" ROOSEVELT.

We have a wholesome fear, fully justified by recent circumstances, that somebody is endeavoring to place Colonel Roosevelt in the list of "undesirable citizens," or else to consign him to leadership in the ranks of pernicious politicians. Indeed, it really appears that the Republicans in New York are bold enough to show signs of "eliminating" the Colonel. The Colonel may yet find himself in the scrap-pile along with Uncle Joe, Secretary Ballinger and Senator Aldrich, who have to be sacrificed to the Moloch of Standpatism, though the three last named have become "undesirable" not because of disloyalty to the Cause, but for the reason that they have become a danger signal to it. Otherwise, the three are acceptable, except for the pernicious effect of reputations which they cannot live down and which the G. O. P. cannot stand for and win in the face of a sentiment that knows itself. Though the G. O. P. loves them, it must make scapegoats of them, and yet persuade them that they are martyrs in a good cause.

With Colonel Roosevelt, however, it is different. His attitude "on the fence" has been watched by the faithful of the Old Guard, and it has surely been sized up in a way that has caused apprehension to leak out and manifest itself in an open way. Early in the game the Colonel had notified "all hands" that he "wished to keep in the background," but recent political measures on the part of President Taft and open and bold deeds among New York Standpatters are sufficient to warn us that the "background" is beginning to be regarded in Administration and Standpat circles as a place of "silent activity" of a character of which it is well to take prompt notice. Suspicion points to the "background," and it is suspected that something ails the man at Oyster Bay, for hasn't President Taft, within a few days, sent one of his campaign doctors there to feel the Colonel's pulse? It is hard to tell, however, whether the patient "played 'possum" with the doctor or not, and let him leave under the impression that there is nothing the matter with him, or whether the Dr. Murray Crane found the patient in a comatose state "on the fence," giving out nothing that can be mentioned in public. So be it, anyhow, nothing definite has been given out about the condition of the Colonel, and so he still keeps us all guessing.

Behold, however, the insolence of the New York Standpat organization, which again turned its back on the Colonel on Tuesday! The Republican General Assembly went on record with a rebuff for the ex-President by defeating the Cobb direct nominations bill, providing for a primary election by which the people can make their own nominations, in spite of the fact that Colonel Roosevelt had joined Governor Hughes in using his powerful influence (?) in behalf of the bill. Now comes "the unkindest cut of all" on Tuesday, when the State Republican Committee refused to honor an ex-President by plumply declining to permit him to preside over the State convention. Instead, the committee, by a vote of 20 to 15, sat down on the Colonel and chose Vice-President Sherman for the honor. An ex-President is without honor in his own country, though he may receive it in Europe as a lion hunter, and as suggester of policies for the guidance of monarchial governments!

Consternation reigns supreme! A second defeat for Roosevelt by the Republicans of his own State comes to us over the wires, causing astonishment and alarm among the people and the nations. The Colonel has felt the "cut," and it may make him show his hand. He has been trying to be neither Old Guard nor Insurgent, but he now learns that a man is apt to get wounded more often between the lines during a battle than is possible when he lines up. We could have told him that before, because we have known all along that any man "on the fence" is regarded with suspicion and is discredited, while the man who shows his hand will make the crowd yell while the band plays "Dixie." Rigidity of backbone is always admired, and we are a little surprised at the Colonel's failure in this instance to come out flat-footed and let Taft and the people know where he stands on Aldrichism, Cannonism, Ballingerism, tariffism, scandalism, and such other campaign issues.

However, it looks like they are going to force the Colonel's hand, but when a man has political aspirations we regret to notice that most of them are "trimmers" till they are cornered, or till they find out which way the wind is blowing. The Old Guard recently turned down the Colonel's nephew as the party nominee for Congress, and so it is quite likely that the two direct rebuffs for the Colonel himself are liable to rile him into declaring the courage of his convictions. The fact is, if he is correctly quoted in yesterday's dispatches, he favors "a clean-cut progressive platform," and the nomination of "the right kind of man" for Governor of New York; so it can be noted that so far as New York is concerned the Colonel is a mild-mannered "insurgent," which is only the opprobious alias of a "progressive." However, the Colonel is still in a position that leaves his National attitude in doubt—rather painful to President Taft, it must be admitted. However, the Colonel is only a State progressive, and while the National progressives have reason to be encouraged that he is with them, he is yet in a position where he can show up any moment in the National camp of the Old Guard. Verily, Roosevelt plays a political game with his own chances as the only stake.

AN INCREDIBLE INFAMY.

An infamous system of robbing Indian children as well as "Big Injuns", bribery, stealing and shocking corruption of all kinds seem to show up under the limelight thrown upon Indian affairs during the Congressional investigation of the charges made by Senator Gore on the floor of the United States Senate that efforts had been made to bribe him by attorneys or their representatives engaged in swindling Indians out of lands worth $50,000,000 or more. The fact is there is no telling what the lands are worth, but it is known that attorneys and their lackeys hovered around Washington like buzzards over carion, engaged in efforts to secure fraudulent and extortionate fees amounting to $3,000,000.

The Gore investigtion probably will be a godsend to the Indians if not to Oklahoma and the cause of decency. It has resulted in the exposure of a nest of corruption probably not equalled in any civilized country upon the face of the globe. The eyes of the American people must blear in astonishment at the revelations which are being made before the Congressional committee, which, be it remembered, was only appointed after the most desperate efforts on the part of Oklahoma's blind Senator. Even in the Senate a deaf ear was turned to the appeal of the Blind Senator and in the midst of proceedings he was compelled to run over to the House in order to have attention paid to his complaint involving scandals and corruption of the greatest magnitude. Really, Senator Gore came very nearly being suppressed, because, no doubt, the Republican administration did not relish an exposure on anything like such a terrific scale.

The Star's press dispatches from time to time giving details of the Gore investigation have thrown a flood of light upon the disgraceful and disgusting deals of the land grabbers who have been exploiting the Indians in Oklahoma, where about two-thirds of that race in the United States have their habitat. A dispatch Tuesday morning tells of the disposal of lands belonging to an eight-year-old Indian child, by permission of the court, the property bringing $2,800. The entire amount for which the land was sold was claimed as expenses for handling the property and a further charge of $2,075 was made by the child's guardian who threatens to have other property of the child's sold in order to get his $2,075. This transaction indicates that it cost $5,875 to dispose of the piece of property which didn't bring but $2,800. Some people sell property to get out of debt but a debt of $2,075 was created for the Indian child by the sale of its property! The man who is "sold out of house and home" would be in easy circumstances compared with the Indian kid. There is no wonder that "the Indians are getting poorer and the land grabbers richer."

The worst part of it is witnesses before the Congressional committee declare that such incidents are common and that the scandals go on with the full knowledge of the law officials and judges who countenance and approve such transactions. It is indeed fortunate that Oklahoma and Indian Territories have become a sovereign State instead of remaining territory over which the Federal Government exercises its sway. It remained for the State of Oklahoma to come into existence and for one of her State Senators to bring about ultimate exposure of conditions long neglecsted or overlooked by the Federal authorities.

It appears that the Government has permitted the Indians to be systematically robbed by vilainous lawyers and unscrupulous white adventurers. How such outrageous treatment of this melancholy race could exist without the connivance of Federal officials both in Oklahoma and Washington is impossible. The Indians are the wards of the Nation and a guardian which will let his ward be robbed under his own eyes is either incompetent, indifferent or in league with the freebooters. The representatives of the Federal Government in the Indian country certainly must have had knowledge of the flagrant wrongs and unprincipled treatment to which the helpless Indians, looking to the Government for protection, have had to submit for years and years.

The Government supervision and guardianship which does not supervise or guard the interests of its wards, isn't worth shucks. The fact is we never did think much of Federal supervision of anything and we think a great deal less of Government ownership or Government conduct of any kind of business. Some people think everything done under Federal or State auspices must be ideal but we never did. However, we are not so much "agin the Government" as we are against the politicians, pilferers and scoundrels who do the business in the name of the Government.

It is a monstrous reflection on the vigilance and integrity of the Government when it delayed action till a blind man set exposure in motion. Government officials with two eyes must have "had their eyes shut" to the corruption in the Indian country or they must have slept all the time. At any rate, and for some reason, they have failed to see what a blind man has caught on to.

The Indians on the reservations declare they have lost confidence in the Government at Washington. The Red Men seem to be waking up like white folks. "Big Injuns no longer trust big Republicans," and certainly nobody can blame them.

The worst thing about a North Carolina Republican is that his wife would vote against him if she were entitled to vote.

An Englishman says "American women make poor wives." That will cause American women to pity the poor wives of the Englishmen.

"The Republican party had a new birth at Greensboro," remarks a contemporary. That's nothing. Just consider who hung around and got possession of the kid.

The only thing bad we have ever heard about "Dixie" is that it made Senator Heyburn make a fool of himself. It is not at all creditable to "Dixie."

CURRENT COMMENT.

In the opinion of the Wilmington Star "the sugary watermelons raised in eastern North Carolina would make a Virginian's hair curl so tight it would make him say 'Ouch!'" We can't say about the hair, but they often curl a Virginian's stomach that way.—Norfolk Landmark.

A razor, a pistol, a bottle of liquor and a woman were jointly responsible, according to the Thomasville Davidsonian, for a murder in Davidson county. With that quartet of trouble-breeders in active operation, we cannot but feel that the community got out cheaply with one killing.—Charlotte Observer.

By refusing to pass a compulsory school attendance law, South Carolina leaves to the poor and the ignorant man the privilege of bringing up his boy in ignorance—which usually means that the boy will, as a man, be poor, too. The man who is well-to-do aways sends his boy to school, and a compulsory attendance law would not affect the future of his son one way or another.—Columbia State.

That's a good joke on the government the Newbern military company played down at Fort Caswell target practice. This company turned to and shot up targets to the amount of $900, when the army officers told the department to stop them or they would go broke. The regulars never once hit the target. Greensboro's boys were next to the Newbrn contingent in shooting.—Greensboro Record.

The next Legislature is going to contain many able men of large experience. Warren has named Mr. Marmaduke Hawkins, a large planter and manufacturer and member of a family that has furnished the State great leaders. Col. A. H. Boyden, long a leading force in Rowan, and Mr. J. A. Brown, of Columbus, who has experience and ability, will also serve in the Senate. It is a good sign when a county sends its strongest men to make the laws of the State.—Raleigh News and Observer.

The Wilmington - Rockingham-Charlotte highway is a good proposition, and must not be allowed to die. It's a business proposition for every town and county along the line. We don't intend to content ourselves with "talk!" This highway has got to be built; it means too much to miss. Talk will not build it. It will take work, and a good deal of it. The Post will attend to Richmond county. We want a real live organization in each county along the proposed route. We don't want lazy folks in it. They are ineligible. We must organize and carry the thing through.—Rockingham Post.

The more we consider the proposition of Brother Dockery, of the Rockingham Post, to build a highway from Charlotte to Wilmington, the more it grows in favor with us. Maxtonians think on this a while. Maxton is about half way between the Piedmont City and the "city by the sea," and will be a stopping place for many, for we will soon have the attractions for them. Then this highway will connect us with both the eastern and Piedmont routes north and south, and will bring thousands of visitors to Queen Maxton who would otherwise never hear of this delightful town. This is certainly enough to make our people sit up and take notice of this proposition, but the fact is we need it in our business. Let us encourage the movement.—Maxton Scottish Chief.

Ruff Henderson, long the Republican leader in Wilkes and candidate for State Auditor in 1900 on the Republican ticket, tells the truth about that straddle—the so-called self-government plank in the Republican State platform. He says it was understood that it was to be against prohibition, but that the platform committee got "weak-kneed." The Morehead-Butler faction had gotten the support of many of the opponents of prohibition by promising a bold declaration against State prohibition, but after using them to get the chairmanship, which carries with it the Federal offices, the combine threw them overboard and came out with a straddle-plank that "looks two ways for Sunday," to quote the late Colonel Webster. It certainly means nothing and was written to be used both ways or no way, as might best suit the tricksters who believe the voters are big enough fools to be deceived by their plain straddle.—Raleigh News and Observer.

Some time ago we submitted a few remarks in a short paragraph about what a good thing it would be to have a splendid highway from Charlotte to Wilmington like the highway from Charlotte to the mountains, and we are glad to note that the Rockingham Post, the Charlotte Observer, the Laurinburg Exchange, the Wilmington Star and Dispatch, and perhaps other papers are now agitating the matter with a vigor that seems to promise the accomplishment of that much-to-be desired consummation. We understand that with the exception of a few stretches the roads between Lumberton and Charlotte are passably good for auto travel, and from Lumberton to Wilmington the cost of putting the roads in good shape would not be anything like so great as in the western portion of the State. By all means let us have the highway from Wilmington to Charlotte. — Lumberton Robesonian.

ORDERS TO THIRD BRIGADE.

Will Attend Annual Reunion in Norfolk in September.

Wilmington, N. C., Aug. 16, 1910.

General Orders No. 16.

1. The board of trade and the business men's association of Norfolk, Va., have extended a pressing invitation to the North Carolina division to hold its reunion in that city on the 6th, 7th and 8th days of September, 1910.

2. The hospitable citizens will endeavor to make your visit as pleasant as any you have ever enjoyed. All veterans who are unable to pay for their meals and lodgings will be provided for free, by notifying at once Mr. Joseph H. Hall, Secretary, at Norfolk, Va., who will arrange for their comfort. Commanders of camps will attend to this at once.

3. Reduced rates will be given as usual by the railroads, which can be had at the different stations.

4. On account of the near proximity of this Brigade to Norfolk, it is earnestly desired and expected that every member, who possibly can, will take advantage of this occasion, lend his presence, swell the ranks greater than they have ever been and receive the hospitable welcome of the noble Virginians. By order of,

JAMES I. Metts.

W. G. McRae,
Adjt. Gen. and Chief of Staff.

Life on Panama Canal has had one frightful drawback-malaria trouble—that has brought suffering and death to thousands. The germs cause chills, fever and ague, biliousness, jaundice, lassitude, weakness and general debility. But Electric Bitters never fail to destroy them and cure malaria troubles. "Three bottles completely cured me of a very severe attack of malaria," writes Wm. A. Fretwell, of Lucama, N. C., "and I've had good health ever since." Cure stomach, liver, and kidney troubles, and prevent typhoid. 50c. Guaranteed by Robt. R. Bellamy.

NEGRO WANTED FOR MURDER

Got in Dispute While Gambling and Struck Boy in Head With Bottle —Crime Eight Months Ago.

Richard McIntyre, alias MacRae, a negro about 16 years of age, wanted at Laurinburg, for the murder of Barney Hall, was arrested here yesterday morning by Sheriff Cowan and is now in New Hanover jail awaiting the arrival of Sheriff McLaurin, of Scotland county. The crime was committed about eight months ago and the negro is said to have been in Wilmington since that time. Two trips were made out the Castle Haynes road in an effort to locate the murderer and it was on the second trip that he was gathered in.

McIntyre and another negro about the same age were gambling in the rear of the store of McLaurin & Shaw, at Laurinburg, and instead of cards or dice the boys were using baseball pictures out of cigarette packages, tossing them up. They finally got into a dispute and McIntyre picked up a ginger ale bottle and struck Hall on the head. The blow rendered the boy unconscious but at the time it was not thought that he was seriously injured. He was carried to the hospital at Laurinburg and soon afterwards began having convulsions and in about a week died. McIntyre did not wait to see what Hall's chances of recovery were but made himself scarce at once.

Some time since Sheriff Cowan received a warrant for McIntyre but was unable to locate him. A few days ago Deputy Sheriff Temple was told of the warrant, which had been returned to New Hanover, and he at once remembered that he recently arrested a negro charged with an assault by the same name. Yesterday morning he started out to locate the negro and saw him on a wagon going out the Castle Haynes road, at the time being near the Ninth street crossing. He at once notified Sheriff Cowan, who lost no time in getting away in his automobile accompanied by Deputy Sheriff Harvey Cox and Constable Savage. At the Ninth street crossing the Sheriff was joined by Deputy Temple and they proceeded out the Castle Haynes road as far as Five-mile branch without seeing a sign of the negro. In passing the brickyard, just beyond Smith's creek, several wagons were noticed back in the yard but the officers were afraid to ask too many questions for fear that the murderer would get wise and escape again. When the sheriff reached Five-mile branch he decided that he had either passed the negro or he had gone some by-road. The machine was turned around and the sheriff and his party returned to town and later were again informed that the man wanted was on the Castle Haynes road. The second time he was caught between the three and four-mile post, McIntyre was ordered to throw up his hands, which he promptly did. He was taken into the automobile and brought back to the city. The negro admitted that he was the man wanted.

It developed that the negro was at the brick yard when the officers passed and had evidently suspicioned that officers were after him for he left the brick yard and started towards Castle Haynes. It is said that the negro had been working at the brick yard.

The murdered negro worked for the sheriff of Scotland county.

SEIZED LOCOMOTIVE.

Suit for $2,800 Instituted in Federal Court Against C. F. Howell.

Suit has been instituted in the Federal Court by the Vulcan Iron Company, of Wilkesbarre, Pa., against Claude F. Howell, who owns and operates a lumber mill at Holly Ridge, the amount asked being $2,800. The suit was brought by Mr. Arthur Cobb, attorney for the company.

Attachment papers were taken out yesterday morning and Mr. Cobb, accompanied by United States Deputy Marshal Knox, went to Holly Ridge where a locomotive was seized. Deputy Marshal Knox was somewhat puzzled to know just how to handle the property taken in custody. It will be allowed to remain at Holly Ridge for the present.

The locomotive is the pattern used by the logging roads in eastern North Carolina.

Mrs. H. H. Pool Dead.

Friends in the city have learned with sorrow of the death of Mrs. H. H. Pool, which occurred at Black Mountain, N. C., on Tuesday. Mrs. Pool was a daughter of Mr. J. H. Fussell, of Rose Hill, the wife of Mr. H. H. Pool of this city and was 25 years of age. She was at Black Mountain for her health at the time of her death. The remains will be interred at Rose Hill today and the funeral will be conducted by Rev. W. L. Rexford, of this city.

Dedication at Bolton.

On the third Sunday in August Rev. W. L. Cuninggim will dedicate the Bolton Methodist Church. All former pastors of the Carver's Creek and the Chadbourn and Bolton circuits are respectfully invited to be present. The public is cordially inivted to attend this service. Rev. L. E. Sawyer is the pastor in charge.

The Chadwick Farm, which is to be sold on August 23rd, 10:30 A. M. at auction is in high state of cultivation. Tile drained and overhead irrigated, one mile from city. **

The Best Hour of Life.

is when you do some great deed or discover some wonderful fact. This hour came to J. R. Pitt, of Rocky Mt., N. C., when he was suffering intensely, as he says, "from the worst cold I ever had. I then proved to my great sitisfaction. what a wonderful cold and cough cure Dr. King's New Discovery is. For after taking one bottle, I was entirely cured. I can't say anything too good of a medicine like that." It's the surest and best remedy for diseased lungs, hemorrhages, lagrippe, asthma, hay fever—any throat or lung trouble 50c, $1.00. Trial bottle free. Guaranteed by Robt. R. Bellamy.

HILTON BRIDGE MATTER.

Lumber Company Puts City on Notice. Advices From Mr. Hix.

All members of the city government, including the various commissions, departments, judicial and legislative, received yesterday an official notification from the Hilton Lumber Company, through its secretary and treasurer, Mr. R. A. Parsley, that it would hold the city in damages for any loss that may accrue to it as the result of the unsafe condition of the bridge across the Seaboard Air Line tracks on Fourth street. It will be recalled that General Manager Hix, of the Seaboard, has telegraphed that the bridge would be attended to at once, but in the meantime Mr. Parsley deems it expedient to put the city on "notice," and yesterday letters were received by the various departments of the city government as follows:

Wilmington, N. C., Aug. 16, 1910.

Dear Sir: We beg to again call the attention of the officials who are supposed to be in charge of the municipal affairs of the City of Wilmington, the condition of the bridge at or near the intersection of North Fourth and Howard streets ,said bridge spanning the Seaboard Air Line Railway tracks, and constituting the one and only thoroughfare connecting that portion of the city locally known as "Hilton," with the main part of the city. We have been complaining constantly to the officials of the city about the condition and insufficiency of this bridge for the past ten years, but nothing has been done by any official of the city to make this thoroughfare safe and reliable.

The bridge is adorned this morning with a red "danger" flag, owing to one of the main timbers therein having dropped out of its own weight during the past few days, and we assume that the Fire Department would not risk crossing this bridge at the present time, in the event that its services were needed in that portion of the city lying north of said bridge. Believing this to be true, we hereby serve notice upon you that the City of Wilmington will be held liable for any damage to the property of this company lying north of this bridge, which may be sustained by the failure of the City of Wilmington to furnish it the protection to which it is entitled, as a part of said city. And we serve further notice upon you that the City of Wilmington will be held liable for any interference with traffic between our property and the main portion of the City of Wilmington.

We will thank you to acknowledge receipt of this communication.

Very respectfully,
HILTON LUMBER CO.,
Per R. A. Parsley,
Secretary and Treasurer.

THE "KNUCKLE" LIGHTSHIP.

Likely be Placed Off Frying Pan Shoals by the Early Fall.

The new modern "Knuckle" lightship built for the knuckle off Frying Pan Shoals, it is understood, has been completed and will be placed in position by the early Fall. Mr. Sam Watts, of Southport, the present chief engineer on the lightship off Frying Pan, has been appointed to the same position on the new lightship.

As previously noted, both of the lightships will guard Frying Pan Shoals, and the new one will be a great aid to navigation, especially for ships that are bound for ports further south. It will enable these ships to make a straight run from Cape Hatteras to a point off Savannah, without changing their course after leaving Cape Lookout. It is expected that Inspector Field, of the Sixth district, will announce at an early date the captain and other members of the crew of the new lightship.

ATLANTA PARTIES GET OPTION.

Will Build Large Hotel on Site of Bear Cottage on Beach.

Mr. John Underwood and others of this city and Fayetteville, who recently secured an option on the handsome Breezeland cottage of the Sol. Bear estate, on Wrightsville Beach, announced yesterday that they had concluded negotiations for a transfer of the option on the property to Mr. G. G. Cotter and associates, of Atlanta, Ga., who announce that they have secured an option on the "Kitty" cottage and other adjoining property and on the site will erect a $250,000 hotel for Summer tourists. Graham Kenan, Esq., of the law firm of Kenan & Stacy, represents the Atlanta capital and it is understood that a stock company will be organized to build, own and operate the property. Further details are promised later with the indication that the hotel will be completed in time for next year's business.

CRUISE EASTERN DISTRICT.

Captain Brown and Mr. Merritt Leave Soon on Examination Trip.

The government yacht Mercur left last night for Southport, and with favorable weather will proceed to Morehead City today, where Capt. Earle I. Brown, Corps of Engineers, U. S. A., and Assistant Engineer R. C. Merritt will take the yacht next Monday for an examination and inspection cruise of ten days over the Eastern district.

Captain Brown and Mr. Merritt will leave during the latter part of the week by rail to meet the Mercur, and the cruise will be through the sounds and rivers in Eastern Carolina. This is one of the annual examination trips made by the government officials, and is for the purpose of inspecting waterway routes and securing other information. The trip will likely require over ten days, and the Mercur will return to port within that time, if the weather is favorable.

Goes With Mr. Reilly.

Mr. W. L. Burkheimer, the well-known real estate and fire insurance agent, has turned his business over to the James Owen Reilly Real Estate and Insurance Agency. Mr. Reilley's business has increased to such a stage that he requires more help in his office, and has employed Mr. Burkheimer as selling and collection agent. Mr. Burkheimer needs no introduction to the public, as he is well known, and has been in the real estate business for the past 20 years, and knows the business thoroughly.

The subdivision of the Chadwick Farm, one mile east of Wilmington, is into 3, 5 and 10-acre farms and will be sold at auction August 23rd. **

Yes, if you have that old Gas Range exchanged for a new one, you are entitled to the home demonstrations.**

BERRY GROWERS HOLD MEETING

(Continued From Page One.)

but what great losses would have been sustained by our people in the enforcement of the laws of New York and Massachusetts against the short quart.

Since our crop was shipped, the laws have been enforced in these States against the short quart, from Jersey, Pennsylvania, New York, Maryland and other points, and this of itself speaks volumes for the manner in which Mr. J. A. Brown, one of our committee, handled the situation.

It is only another evidence of the many benefits our members have secured through the vigilance and protection of the association, and emphasizes the value of our organization in an unmistakable manner.

This association went on record last Spring as favoring only the standard package for strawberries and vegetables, and we urge upon the truck package manufacturers to live up to the letter and spirit of this agreement, and the growers to use only such packages as come up to the New York and Massachusetts standards, and recommend that this be adopted in this report.

The service of the Transportation and Refrigerator Companies was excellent for the strawberry movement, and our shippers were fully satisfied, as far as we know, on the same.

But the discontinuation of the cannon ball train after the strawberry movement had closed, worked a serious hardship to the growers of green vegetables, potatoes, etc., this year, and we therefore urge t he A. C. L. authorities to investigate this matter and continue next season the cannon ball train during the active trucking season, and until the close of the cantaloupe season at least. Appreciating the necessity of more cars during the trucking season, and welcoming the action of the Southern Express Company to conserve the best interests of the shippers in the inauguration of a night express out of Wilmington along the W. & W. R. R.

"The spirit of harmony and co-operation that prevailed between the transportation and refrigerator interests and the association this season, was, in a marked degree, highly satisfactory, and the benefits derived by all growers and shippers plainly evidenced by the results obtained.

Too much praise cannot be accorded to our president, secretary and business agent, treasurer, and editor of the Carolina Truckers' Journal, for their work in the interest of the association and the growers at large, and we heartily commend them to your honorable board.

Organized June 30, 1896, and incorporated August 22, 1898, our association has enjoyed an uninterrupted existence of over 15 years, a period no other truckers' organization has ever attained, and it is only necessary to calmly look back and analyze its work to see what has been accomplished for this section of Estern Carolina. It is a question in which all growers are interested, and they should take a pride in sustaining the association that has done so much for them.

It is worthy of note, and a matter of record, that the association has not profited at the expense of the growers, and only sufficient revenues, and scarcely that, has been received each year to properly conduct its affairs for each season's operations, as is plainly shown in the annual report of our secretary and business agent.

Since our organization, other agencies have sought to better conditions in this territory, as viewed by some shippers and growers, but they have signally failed, or only made good for their own profit, and upon all questions affecting the growers' interests, the association has been and is now, the only medium through which redress for any wrongs are obtained.

We recommend that the chairman of the Board of Directors appoint a committee of five to devise ways and means for the perpetuation of the association, and that they report at a meeting to be called in November, the chairman to be ex-officio a member.

Respectfully submitted,
EXECUTIVE COMMITTEE.

General Discussion.

The members then entered into a discussion of the best way to get the truckers interested in the association. Dr. George F. Lucas was of the opinion that more could be accomplished by missionary work than any other way, and pointed to the excellent returns resulting from the work being done by the agricultural department. He favored sending out speakers over the berry belt to impress upon growers the importance of the association.

Mr. T. J. Armstrong declared that something should be done, but he was at a loss to know what course to advise.

A suggestion was made by Mr. Z. W. Whitehead that Secretary Bauman, in his opinion, could accomplish excellent results by visiting the various shipping points and mingling with the growers. This idea appeared to meet with the general approval of those present, but no definite action along this line was taken.

Secretary's Report.

Mr. H. T. Bauman, secretary, submitted a very exhaustive report, and gave an idea of what a big thing the berry industry is in Eastern Carolina. The report follows:

Mr. W. E. Springer, President, and Gentlemen of the Board of Directors:

The following, my fourteenth annual report, is herewith respectfully submitted:

The strawberry acreage for the whole territory this season was based on 5,560 1-4 acres. The Chadbourn territory, including the Mt. Tabor and Conway section, was credited with 3,048 1-4 acres, the W. & W. section with 2,377 acres, and the Yadkin division with 135 acres. The shipments this season amounted to 428,581 crates. Divided: 370,581 crates and 1,570 refrigerator cars, and 58,000 crates by express.

The following is a comparative statement, 1910 and 1909, showing the movement from each section:

REFRIGERATOR.

	1910 Crates	1910 Cars	1909 Crates	1909 Cars
W. & W. Sec....	168,072	701	112,587	478
W. C. & A. & Chadbourn ...	120,222	515	134,915	577
C. & Conway ..	82,287	354	361,045	261
Total	370,581	1570	308,547	1316

Increase W. & W. section, 1910, 55,385 crates; 223 cars.

Increase W., C. & A., Chadbourn & Conway, 39 10, 0,549 crates; 31 cars.

Total increase, 1910, 62,034 crates; 254 cars.

Average Loading, W. & W. section, 1910, 239 crates.

Average Loading, W., C. & A., Chadbourn & Conway section, 1910, 233 crates.

General Average Loading, 236 crates per car.

EXPRESS.

	1910 Crates.	1909 Crates.	Increase 1910 Crates.
W. & W. Sec. ..	50,529	31,784	
W., C. & A., & Chadbourn	2,409	749	
A. & Y. Section....	5,311	1,487	24,299
Total	58,319	34,020	24,299

The total increase for 1910, express and refrigerator, was 86,333 crates. As shown by the foregoing statement, the majority of this increase was from the W. and W. and Chadbourn and Conway sections. Mt. Olive, Wallace and Rose Hill were the banner stations on the W. & W. Mt. Tabor and Clarendon, on the Chadbourn and Conway. The most notable decrease was from Chadbourn and vicinity.

The average output last season was 56 crates to the acre. This season 77 crates per acre.

Judging from the sales as reported daily during the season on the various markets, $3.25 a crate, gross, would be about a fair average on which to base. Information furnished by various growers and others interested put the net returns at from $1.75 to $2.25. I have taken an average of $2.15, which I think is conservative, and will base the net returns on that figure.

The gross sales, at $3.25 per crate, on 428,581 crates, would amount to $1,392,888.50.

The net returns, at $2.15 per crate, would amount to $921,449.15. This, deducted from the gross sales, leaves $471,439.10, for transportation, refrigeration, commission and other expenses. Estimating for cultivation, crates, fertilizers, picking, packing, etc., at $1.00 per crate, on 428,581 crates, the actual net to the grower in round numbers would be $492,868.15, or $1.15 per crate.

The strawberry season opened on April 14th, and closed on May 18th, the bulk of the shipments moving in 21 days.

The lettuce crop this spring was comparatively a failure; the vegetable and potato crop only fairly satisfactory, and the cantaloupe crop a success, both as to yield and prices obtained.

The number of packages of vegetables and lettuce shipped approximated 307,053; cantaloupes, 134,000; potatoes, 80,000. Total, 521,953 packages.

Estimating the net on vegetables and cantaloupes at 75 cents per package, would foot up $331,464.75. On potatoes, at $1.25 per barrel, amounts to $100,000.00. Added to the strawberry returns this season, we have the comfortable sum of $924,332.90 to the credit of our growers in the strawberry and trucking belt of Eastern Carolina.

Transportation—This service was in keeping with that of last season, which was the best ever given our shippers.

The classification of all trains of perishables at Potomac Yards adds greatly to the movement through South Rocky Mount and Clopton, and prompt arrivals and deliveries at destinations are now, barring accidents, an assured fact.

Refrigerator Service—This service was all that was demanded of it, and was very satisfactory. The agent of the Fruit Growers' Express in this territory had the situation at all times well in hand, with the result that shippers' needs were promptly supplied, and the icing and re-icing of cars given special attention.

Express Service—The increase in the shipments by express this season was over 60 per cent, and taxed this arm of the service very heavily. Shortage of cars on one or two occasions caused delays, and considerable loss to our shippers, but aside from this the movement was prompt and the deliveries, as reported by receivers, fairly satisfactory.

The bulletin, telegraph and telephone service kept shippers fully advised of the daily movement through South Rocky Mount, and was a prime factor in the distribution of the crop.

Our agents in the several markets and at Patomac Yards aided materially in keeping tab on all shipments, and in serving the purpose for which they were appointed. That they are a great moral force and have corrected many abuses in the markets to which they have been accredited, is a self-evident fact. It is to be regretted that we cannot have them in every large market.

The Carolina Fruit Exchange organized this season at Chadbourn handled 42,051 crates and 182 refrigerator cars of strawberries through South Rocky Mount.

The number handled through the East Carolina Truck & Fruit Growers' Association, from both sections, was 328 530 crates and 1,388 refrigerator cars.

Estimating the gross sales at the same figure for both organizations, $3.25, the total for the C. F. Exchange, would amount to $136,665,75, and for the association $1,067,722.50.

As I understand it, the exchange charged 10 per cent for handling this business, reserving 3 1-2 per cent for expenses, etc., 3 1-2 per cent of the gross sales, as estimated, would amount to $5,466.63.

How much of this went back to the growers in dividends I do not know, but with the heavy expense incurred by the Exchange, offices and staff of clerks at Chadbourn and Rocky Mount and a representative at Potomac Yards, long distance telephone messages, telegraph service, etc., I should say but little of what was left found its way back to the members, and as a consequence the net results to them was disappointing, to say the least.

The expenses of the association were less than $2,200, on ten times the amount of business handled through them, and the returns to the growers and shippers much more satisfactory.

The actual number of crates of strawberries shipped from Eastern North Carolina in the past 14 years, that is, from stations on the W. & W. R. R., Wilmington to Wilson; on the W. C. & A. R. R., Wilmington to Florence; on the Chadbourn & Conway R. R., Elrod to Conway, and on the Yadkin division, Wilmington to Fayetteville, with the estimated gross sales, net returns, cost of transportation, refrigeration charges, commissions, cultivation, crates, picking, packing, etc., is as follows, with the actual revenues received by the association and expenses of operation for the same period:

Actual number of crates of strawberries shipped by express, refrigerator and ventilated cars, from 1897 to 1910, inclusive, 5,130,336 crates.

Estimated gross sales, $3.20 per crate, or 10 cents per quart, $16,417,075.20.

Expenses—Railroad and express, freights, refrigerator charges, commission, etc., estimated at $1 per crate, $5,130,336.00.

Net returns, estimated, $2.20 per crate, $11,286,739.00.

Expenses — Cultivation, fertilizer, crates, picking, packing, etc. Estimated, $1.10 per crate, $5,643,369.60.

Net to the growers, estimated $1.10 per crate, $5,643,369.60.

Revenue and expenses of the association, 1897 to 1910: Receipts, $29,502.54; expenses, $29,461.05.

Average yearly receipts, $2.107.32; average yearly expenses, $2,104.36.

The minimum cost of operations show conclusively that the association has kept faith with the growers, and the profits from this immense business have gone back in goodly proportions where they properly belong—to the growers.

In closing my report, I wish to thank the Board of Directors and Executive Committee for their unfailing support of my efforts to properly safeguard every interest of our growers and shippers, and carry to a successful issue each season the work of the association, under the many difficulties that have confronted us.

Respectfully,
H. T. BAUMAN,
Secretary and Business Agent.

Mr. H. J. Faison said he thought the association should continue its efforts to get minimum car lots of 200 crates, instead of 236. He pointed out what the difference would mean in the way of securing new markets, the smaller towns being unable to handle such large numbers of crates. Mr. Z. W. Whitehead thought the railroads had never grasped the real importance of the situation, but declared that he believed the Atlantic Coast Line to be thoroughly in accord with the efforts of the berry growers, and that the officials were extremely anxious to render any aid in their power. He said the railroad authorities here were in a more receptive mood at the present time than at any time in the past, and that his remark concerning the minimum car lots he did not mean in the way of criticism.

Mr. H. J. Faison moved that a committee of three be appointed by the chairman to draft suitable resolutions upon the death of the late Mr. M. F. Leonhart, of Chadbourn, who was a member of the board of directors. Chairman Springer named Messrs. D. Boughner, of Grists; J. L. Williamson, of Cerro Gordo, and A. F. Coultas, of Chadbourn, as members of the committee.

The members then proceeded to elect a board of directors for the ensuing year, and the old board was re-elected, with the following changes: Mr. Elroy Bailey, of Chadbourn, to succeed the late M. F. Leonhart; Mr. B. W. Southerland, of Mt. Olive, to succeed Mr. J. B. Oliver; Mr. Agnus McLendon, of Burgaw, to succeed Mr. J. H. Moore.

There being no further business before the association, the body was adjourned and the board of directors met.

Mr. J. A. Westbrook was called to the chair, with Mr. H. T. Bauman secretary. All of the officers were re-elected for the ensuing year. They are:

President—William E. Springer.
Vice President—J. A. Westbrook.
Secretary—H. T. Bauman.
Treasurer—S. H. Strange.
Executive Committee — William E. Springer, J. A. Westbrook, W. L. Hill, D. Boughner and J. A. Brown.

Mr. Springer was re-elected chairman of the executive committee, and Mr. H. T. Bauman, secretary.

BEFORE THE RECORDER.

Case Against Tom Croom Continued Until Tuesday—Other Cases.

Wiley Hill, a negro, who ran amuck several nights since and was arrested for disorderly conduct and carrying concealed weapon, was no sooner out of this trouble than he was arrested for malicious injury to personal property, it being charged that Hill broke a number of dishes belonging to the woman with whom he boarded and also cut up some of her clothing. He was taxed with the cost the day before in the disorderly conduct case but did not get of so easy yesterday, being taxed with $10 and the costs. If the money is not forthcoming today Hill will have to go to the rock pile for a few months. He was defended by A. H. Pait, Esq.

Several other defendants charged with minor offenses were before the recorder.

The case against Tom Croom, charged with assaulting Mattie Allen and May Holmes with a deadly weapon, was continued until next Tuesday. Both of the women have been arrested upon charge of assaulting Mr. Croom.

ALLEGATIONS DENIED.

Answer Filed in Case of Hugh Wallace Vs. C. C. Covington.

The answer in the $20,000 damage suit instituted by Mr. Hugh Wallace against Mr. C. C. Covington was filed yesterday and all of the allegations are specifically denied.

It will be recalled that Mr. Wallace instituted suit against Mr. Covington for slander for remarks alleged to have been made at a mass meeting held in the Court House a short time prior to the last city election. The remarks Mr. Covington is alleged to have made are set forth in the complaint but are denied absolutely by the defendant. Messrs. Rountree & Carr are attorneys for Mr. Covington.

MR. KEITH'S CANDIDATE.

Favors Nomination of R. W. Livermore for Congress in Sixth.

Collector B. F. Keith is of the opinion that Mr. R. W. Livermore, a business man and farmer of Pate's, Robeson county, is the strongest man the Republicans could put in the field for Congress. Not only does Mr. Keith believe him the most suitable man of any of those named, but declares that Mr. Livermore could carry the district, a claim, however, that is regarded as rather exaggerated in view of the fact that this district went Democratic two years ago by more than 6,000 majority.

Opportunities are fleet of foot—take this one today. Cooking demonstrations with every Gas Range sold this week. **

100 Million Dollars Worth of Shoes

These are stupendous figures, yet this is the yearly amount that the South spends for shoes. As a curiosity these figures may attract you for a minute, but the most curious thing about them is that three quarters of this money is regularly sent *away* from the South and the South is that much poorer for it.

You trade at a Southern shoe store. You give the dealer your money. You probably buy a western or northern made shoe. When the dealer pays his bill, this money, less a small per cent to the dealer, goes north or west and the South is that much poorer.

Keep your money at home. Let it work for better times, better wages, more factories, more work for Southern people.

Ask your dealer for The Craddock Shoe. Made in the South, by white labor, for Southern gentlemen. The best shoe value offered by any maker in the land for $3.50 and $4.00. Money spent for Craddock Shoes stays in the South, and pays Southern labor, Southern grocers, bakers and butchers.

It builds Southern factories, homes and schools.

We can support more and better industries. Let's each do his part.

BOWLING TOURNAMENT.

Companies A and B Begin Series of 12 Championship Games.

Last night in the gymnasium of the Boys' Brigade armory, Companies A. and B. bowled the first three games of a series of 12 which will be played on four Wednesday nights ensuing for the championship of the Brigade. The tournament started off well last night with Company A. making a total of 2,003 as against 1,976 by Company B. The team average of Company A, therefore is 667 2-3 while that of Company B. is 658 2-3. Louis Davis, of Company B., made the highest individual score of 183 and the highest average of 156 1-3 for the three games. The second highest was Simon Branch, of Company B., 155 1-3. The tournament promises to be close and very interesting.

It perfects digestion, calms and strengthens the nerves and builds up the general health.

Possibly there was something you wanted to know about cooking that was not shown at the demonstrations. Inquire today. **

TO INSPECT SITES.

Board of Education Fails to Decide School House Controversy.

Special meeting of the County Board of Education was held yesterday afternoon with Mr. J. O. Carr, chairman, Mr. W. H. Sprunt and Mr. D. J. Fergus present, the object of the meeting being to decide upon the site for the school house near Greenville station. In addition to the members of the board, Mr. James Hewlett, committeeman from district No. 14 was present, and Mr. T. F. Bagley, who offered to give a site only a short distance from the Greenville station.

After going over the situation briefly, members of the board decided it would be best to make a personal visit and determine the best location. Mr. W. H. Sprunt will take the members of the board and Superintendent Catlett to the school house this afternoon in his automobile and after viewing the proposed sites a decision will be rendered.

The people of Greenville are very anxious to have the school house nearer at hand but those living on the other side of the district declare it would be a great hardship to place the school so far to one side of the district.

S. S. S. CURES RHEUMATISM

The cause of Rheumatism is an excess of uric acid in the blood. The uratic impurity gets into the circulation by absorption, usually because of constipation, weak kidneys, and other systemic irregularities. Then the blood becomes weak and sour and irritating urate particles are formed in this vital fluid. When in this impure condition the blood can not furnish the necessary amount of nourishment to the different muscles, tendons, nerves and ligaments of the body. Instead it constantly steeps them in the briny acrid matter, and the gritty, urate particles collect in the joints, which causes the pains, aches and soreness of Rheumatism. Liniments, plasters, etc. may relieve the acute pain of an attack of Rheumatism, but such treatment does not reach the blood and therefore can have no permanent good effect. There is but one way to cure Rheumatism and that is to purify the blood of the acid poison. S. S. S. goes into the circulation and attacks the disease at its head. It removes the cause for the reason that it is the greatest of all blood purifiers. It filters out every trace of the sour, inflammatory matter, cools the acid-heated circulation, adds richness and nourishment to the blood and permanently cures Rheumatism. S. S. S. does not patch up, it cures permanently. S. S. S. is especially valuable as a remedy for Rheumatism because it does not contain a particle of harmful mineral in any form. It is purely vegetable, a fine tonic as well as blood purifier. Book on Rheumatism sent free to all who write. THE SWIFT SPECIFIC CO., ATLANTA, GA.

SOCIAL and PERSONAL

Brief Mention, News of Societies, Meetings, Etc.

Mrs. J. C. Diggs, of Richmond, Va., is visiting Mrs. P. Heinsberger, Jr., No. 807 Ann street.

* * *

Mr. Arthur Chadbourn, of Chadbourn, has been spending a few days in the city, the guest of Dr. J. W. Stanly.

* * *

Master Louis Maxwell, of Goldsboro, is spending some time in the city, the guest of Mr. and Mrs. Edgar D. Warren, 520 Nun street.

* * *

Mrs. Robert Robbins and guest, Mrs. Lillie Cracker, of Birmingham, Ala., are visiting Mrs. Robbins' mother, Mrs. T. L. Lucas, of East Arcadia.

* * *

Mr. and Mrs. W. H. Sprunt have returned home from an extended visit at Buena Vista, Pa., and Atlantic City, where they have been spending several weeks.

* * *

There will be a meeting of Cape Fear Chapter, Daughters of the Confederacy, at the W. L. I. armory Friday afternoon, August 19th, at 4 o'clock. All members who can do so, are urged to attend.

* * *

Rev. T. C. Ellers, of Shallotte, Brunswick county, came over yesterday to meet Mrs. Ellers and little son, who have been spending some weeks at Mrs. Ellers' former home in Rocky Mount. They will return to Shallotte today.

* * *

Mr. A. C. Jenkins and wife, of Birmingham, Ala., are guests at the Seashore Hotel, Wrightsville Beach. Mr. Jenkins is a well known newspaper man, having been connected with some of the leading papers of the South. For the past ten years he has been on the staff of the Birmingham Ledger.

PAYING OVER MONEY.

Government Has Practically Taken Custody of Property Condemned.

The money for the property on Water street condemned for the custom house site is being paid over to the owners of the property but no intimation has been received as to how soon the work of tearing away the old buildings will begin. Collector Keith has received instructions to look after the different buildings as custodian and that he would be given further instructions later in regard to a ground rent that will be charged for occupency of the property. Where property is purchased or condemned for by the government for such purposes as public buildings the old structures are not taken over by the government.

No Meeting of Board.

On account of previous engagements of members of the Board, the meeting of the Board of Audit and Finance did not materialize yesterday afternoon and it will probably be held later in the week. There are a number of bills for current expenses for approval and several appropriations by the Aldermen, notably the one for sanitary purposes, for approval.

PERSONAL PARAGRAPHS.

—Mr. C. H. Moon, of Goldsboro, is in the city.

—Mr. J. C. McDiarmid, of Fayetteville, is in the city.

—Mr. R. C. Powell, of Whiteville, spent yesterday in the city.

—Mr. E. L. Hale, of Charlotte, was registered at The Orton yesterday.

—Mr. J. E. Stagg, a prominent business man of Durham, was here yesterday.

—Mr. and Mrs. W. N. Rivenbark, of Burgaw, spent yesterday in the city.

—Mr. Clark Porter, a business man of Southport, was a Wilmington visitor yesterday.

—Messrs. Nathan O'Berry and E. L. Edgerton, of Goldsboro, were registered at The Orton last night.

—Mr. A. E. Burton and family, of Burgaw, are spending some time in the city, and at the beach.

—Mr. J. A. Fetter, one of the popular city letter carriers, has been given a ten days' vacation for his health, and will spend it at Bradley's Creek.

—Mr. J. A. Munn, Jr., went to White Lake yesterday, where he will spend a few weeks with relatives and friends.

—Capt. and Mrs. A. D. Brown left last evening for New York City where they will spend some time purchasing goods for the Fall and Winter stock of Capt. Brown's popular dry goods establishment on Front street.

ASSAULTED AND SHOT

Young Man of Wilmington at Bolton Attacked by Negroes.

John Cumming, a young white man of this city, was seriously but it is not believed fatally shot, by an unknown negro at Bolton last Saturday night. He is now at the James Walker Memorial hospital where he was carried Sunday.

Cumming it seems went to Bolton to spend the day and while passing along the railroad track in the edge of the village Saturday night was assaulted by several negroes and in the melee one of them whipped out a pistol and shot Cumming in the left side. He was also hit on the head with a stick by one of the gang. The physicians have not been able to locate the ball and as yet are unable to tell just how serious the wound may prove. The young man is reported as doing well and unless complications set in, will probably be out in a week or two.

The negroes who committed the assault are not known but efforts are being made to learn their names. The mother of Cumming wanted to have a warrant issued here for parties who are supposed to have been the ones who committed the act but was told that as the crime was committed in Columbus county the warrant would have to be taken out there.

BANK RESUMES BUSINESS.

The People's Bank at Chapel Hill—J. S. Carr Gives Aid.

Durham, N. C., Aug. 17.—The People's Bank at Chapel Hill which failed three weeks ago, resumed business today, having been placed on its feet by Gen. Julian S. Carr's backing and the aid of Professors Williams, Howell and Webb, of the State University. Bad loans were the cause of the suspension.

You'll Like Blue Ribbon.

Why not order Blue Ribbon Lemon and Vanilla Extracts today?

LOCAL DOTS.

—Mr. H. C. Pearsall, a clever and experienced hotel man, is now looking after the hotel at Carolina Beach and will be the manager next season.

—The schooner Edward E. Baird, Capt. Bennett, bound from New York to Charleston, anchored off the Cape Fear bar Tuesday night on account of head winds and proceeded yesterday morning.

—The W. C. T. U. will meet this afternoon at 4:30 at the home of the president, Mrs. W. P. Oldham, No. 213 South Second street. It will be in the nature of a social meeting and members and their friends are invited to be present.

—"Judge" Bornemann has announced that beginning with the first Tuesday in September his glee club will meet every Tuesday night instead of once every two weeks, as at present. The weather has been too warm for th musicians recently.

"HANDS OFF" FOR TEDDY

Action of Republican May Cause Him to Stay Out of Politics.

Oyster Bay, N. Y., Aug. 17.—Theodore Roosevelt may stay out of politics in New York State during the coming campaign as a result of the action of the Republican State Committee yesterday in refusing to recommend him as temporary chairman of the convention.

Colonel Roosevelt laughed today as he talked of yesterday's meeting and said the result gave him genuine pleasure. He explained his attitude by saying that he felt the committee had relieved him of all responsibility in connection with the conduct and result of the campaign.

He added that he had not decided whether he would attend the convention. He would talk things over with Representative W. W. Cocks and other political leaders of his home district, he said before deciding; and he is inclined to the belief that it would be better to stay away and let the "old guard" carry on the fight by itself.

BIG FIRE IN VIRGINIA

Woolen Mills at Fredericksburg Burned, Entailing Loss of $150,000.

Fredericksburg, Aug. 17.—What is probably the most disastrous fire in the history of this town tonight almost totally destroyed the Washington Woolen mills, owned by John C. Melville, of this place, and a number of New York people. The loss is estimated at $150,000. About 300 men and women will be thrown out of work. It was the largest industry here and about a year ago was doubled in capacity, much expensive machinery being installed at the time. The pants factory, recently added to the concern, was saved. The insurance, it is said, will fall far below the loss.

Cooking demonstrations all this week in the homes of those having Favorite Gas Ranges.

Go to Blowing Rock, 4,500 feet above your beach. Get cool. The Seaboard Special, August 23rd, is the way to get there. Call up Mr. Fetter. He will tell you all about it. **

On the Seaboard Mountain Special you will see "Vistas of forest clad summits, rock crests and distant mountain ranges; dizzy heights and deep shadowed gorges." Don't miss

"GREATER WILMINGTON"

Map in Colors of Recent Big Development Along Tidewater Lines.

There has just been issued from the presses of Messrs. Jackson & Bell, of this city, a very handsome map in two colors showing the suburban developments along the lines of the Tidewater Power Company, connecting Wilmington and Wrightsville Beach. These maps are printed on heavy paper and give a graphic picture of what has been done in "Greater Wilmington" during the past few years. The map also shows the railway lines and a number of the county roads with other designations of interest to those caring to invest or to live in the territory named. A copy of the map may be had for the asking at the offices of the Tidewater Company in this city or will be sent postpaid upon receipt of request from interested parties.

Fish In Abundance.

Fishermen say that in some places along the coast the fish have almost entirely disappeared during the past ten days but such is by no means the case in the vicinity of Carolina Beach. A party composed of Messrs. "Sprunt" Greelisn, "Buck" Salling, "Wash" Pridgen, "Huck" Boyd, "Bill" Hurst and "Dudley Davis are occupying cottage No. 2 at the beach and have been having great luck with the finny tribe.

Yopp, the Fisherman.

Alderman W. E. Yopp and family returned yesterday from Carolina Beach after a stay of several days. When it comes to fishing Mr. Yopp is hard to beat and yesterday he went out and pulled in about forty pounds of fish, including sheephead, mullets, flounders, pig fish, perch and other kinds. Other members of the party had very poor luck.

Building Permits Issued.

Building Inspector H. E. Bonitz has issued permits for two buildings which the Hilton Lumber Company will erect on property recently acquired by it at foot of Orange street, to cost $1,800 and $1,500 respectively, and Miss Mary Bridgers for a handsome residence which she is having erected in Carolina Heights at a cost of $7,000 estimated.

Fire Yesterday Morning.

An alarm of fire at 3:30 o'clock yesterday morning from box 16 called the department to Fourth and Harnett streets. A small stable in the rear of Mr. J. L. Bolton's place was destroyed, the property being owned by Mr. John Gerdes. A fine horse belonging to Mr. Bolton had a narrow escape but was finally gotten out from the burning structure.

Funeral of Mrs. Chadwick.

The funeral of Mrs. Elizabeth Chadwick, relict of the late John R. Chadwick, who passed away in this city Monday morning, was held yesterday at Currie, conducted by Rev. Fennell Brinson. The deceased was a consistent member of the Missionary Baptist Church at Moore's Creek. The remains were accompanied to Currie by Mr. and Mrs. Robert Lee Chadwick and Messrs. William and George H. Chadwick, of this city.

105 Canvass Lettuce Covers, 250 glass covers, two greenhouses, 50,000 flower pots, one residence, out houses, barns and farm implements will be sold with Chadwick farm at auction August 23rd. **

A MILLION DOLLAR FIRE

Occurred Yesterday at Brooklyn, N. Y. Plants Destroyed.

New York, Aug. 17.—Fire in a warehouse district of Jersey City tonight caused damage estimated at $1,000,000. Chief Croker and five engines from New York hurried across the Hudson to aid the Jersey firemen, and dynamite was used freely.

The fire started in the plant of Truslow and Fulle, manufacturers of cork products, at Washington and Morgan streets, and spread to the plant of the Riegel Sack Company, across the street. A few minutes later the Independent Baking Powder Works were burning. Then the fire attacked the W. Ames & Co., spike works and the Butler Bros.' notion ware house.

The entire Jersey City fire department was on the scene at this stage, and when the baking powder plant was demolished with dynamite aid was summoned from New York. At midnight the fire still was raging.

MISS ELKIN MEETS DUKE

Greeted Him at Geneva—Accompanied By Mrs. Elkin.

Vichy, France, Aug. 17.—Miss Katherine Elkins, accompanied by her mother, arrived here today.

Geneva, Switzerland, Aug. 17.—Mrs. and Miss Katherine Elkins stopped here on their way from Baden Baden to Vichy. They were joined at dinner by the Duke of the Abruzzi, who is here incignito. The party subsequently left in two automobiles.

Fredericksburg, Va., Aug. 17.—As the result of starting a fire with coal oil Mrs. Mason Rodgers was burned today almost to a crisp. She died tonight. Her ten months old baby also was seriously burned, but may recover. The oil can exploded and the clothes of Mrs. Rodgers and the baby caught fire.

WHEN HER BACK ACHES

A Woman Finds All Her Energy and Ambition Slipping Away.

Wilmington women know how the aches and pains that come when the kidneys fail make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, all tell of sick kidneys and warn you of the stealthy approach of diabetes, dropsy and Bright's disease. Doan's Kidney Pills permanently cure all these disorders. Here's proof of it in a Wilmington woman's words:

Mrs. Laura E. Hand, 809 Ann street, Wilmington, N. C., says: "I am willing to recommend Doan's Kidney Pills, as they did me a world of good. I suffered from dull, nagging backaches, and had such severe pains across my loins that I was prevented from sleeping well. The kidney secretions also caused me annoyance. When I saw Doan's Kidney Pills advertised, I procured a box from Robert R. Bellamy's drug store, and they did me more good than any other remedy I had ever taken. The backache ceased, my kidneys became normal, and I could go to bed and obtain a full night's rest."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

ADVANCE IN COTTON MARKET

Inspired by Bullish Crop Accounts and Continual Drouth in the Southwest—Closed Quiet 20 Points Higher.

New York, Aug. 17.—There was a sharp advance in the cotton market today on covering and fresh buying inspired by bullish crop accounts and continued drouth in the Southwest, with the close steady at a net gain of 13 to 19 points.

The market opened steady at an advance of 4 to 9 points in response to firm cables, and quickly sold up to a net gain of 22 to 27 points on September, and August and 11 to 13 points on later new crop deliveries as a result of general buying attributed to a private local report making the average condition of the crop 73.2 per cent. as of August 11th against 76.4 per cent. as of July 25th. On the recent decline of over half a cent a pound from the high records there had been talk of an improvement in the condition of the crop owing to the better weather over the Eastern belt and this report showing a deterioration of over 3 per cent. in the prospect, caused active covering as well as fresh buying for long account. Realizing by recent buyers, and selling by people who had carried cotton over the decline, but had been rendered nervous by the break checked the advance which was followed by reactions of 5 to 6 points from the best during the middle of the day. Trade interests appeared to be buying on the set back, however, and in the afternoon active new crop positions sold into new high ground for the day with October touching 13.75 or 18 points net higher. The close was a shade off from the top under realizing. Bullish operators argued that since August 11th there had been a further deterioration in the southwest owing to continued dry hot weather and today's official weather reports indicated no change in conditions.

Southern spot markets officially reported early were unchanged to 1-4c higher. Private crop news received from the South during the day was generally bullish, and sentiment was also influenced in the direction of higher prices by rumors that reports being received by another prominent local authority indicated a crop of less than 11,000,000 bales.

Receipts at the ports today 6,779 bales against 1,287 last week and 2,814 last year. For the week 35,000 bales against 11,301 last week and 15,398 last year. Today's receipts at New Orleans 73 bales against 1,515 last year and at Houston 4,719 bales against 2,750 last year.

Spot closed quiet 20 points higher; middling uplands 15.90; middling guit 16.15; sales none.

Futures opened steady and closed steady.

PORK—Out of Season.

SHEEP—Grown $1.00 to $2.50.

LAMBS—Good demand $1.50 to $3.00.

PEAS—Out of Season.

IRISH POTATOES—New crop 40 to 50c per bushel, dull.

COTTON MARKET YESTERDAY.

Texas Situation is Unchanged—Eagerness of Growers a Feature.

(Special Star Telegram.)

New York, Aug. 17.—The Texas situation is unchanged and begins to dominate the market, as the whole State is practically without moisture. On the higher prices Liverpool was a moderate seller, but the trading was without special feature, was of a switching nature, and the covering of small shorts. Cables showed an upward tendency in Liverpool, but only a moderate demand for spots. A local statistician issued a bullish crop review, especially as to Texas. Indications point to the eagerness of growers to market at ruling prices, and the trade asks whether the pending heavy movement in Texas will outweigh the adverse status there.

HUBBARD BROS. & CO.

Staggers Skeptics.

That a clean, nice, fragraut compound like Bucklen's Arnica Salve will instantly relieve a bad burn, cut, scald, wound or piles, staggers skeptics. But great cures prove it's a wonderful healer of the worst sores, ulcers, boils, felons, eczema, skin eruptions, as also chapped hands, sprains, and corns. Try it. 25c at Robt. R. Bellamy.

Mrs. Whitted will not be here next week—better get that Gas Range now. **

STOCK MARKET WAS IRREGULAR

Dominant Feature Yesterday, Stocks Receding and Advancing During Early Session—Effect of Primary Returns.

New York, Aug. 17. — Irregularity was the dominant note of the stock market today, the list receding and advancing half a dozen times during the early session, and for the most part within a very narrow range. In the later trading, however, the market steered a more direct upward course, and added very generally to its gains of the previous day.

Yesterday's primary returns from the Pacific coast, developments in New York State and other parts of the country, it is aprehended, will increase the existing storm of controversy, and perhaps be followed by no little uncertainty. The only noteworthy railroad return issued today was that of the Baltimore and Ohio road for July, in which an increase of $445,000 in gross earnings was reversed to a loss of $154,000 in net.

The entire bond list was steady, with an advance in U. S. 4s of 1-4 per cent on call. Total sales par value aggregated $2,059,000. Total sales for the day were 613,700 shares.

THE GRAIN MARKET.

Chicago, Aug. 18.—The grain market was nervous today, and all cereals sold off, wheat finishing 7-8c to 1 1-8c off; corn, 5-8c to 7-8c down, with oats showing a net loss of from 1-4c to 3-8c. Ribs showed some strength, while the other provisions closed from 5 to 12 1 2 off.

Wheat—No. 1 red 1.01 to 1.02 1-2; No. 2 red 1.01 to 1.02; No. 3 red 99 to 1.00 1-2; No. 1 hard 1.01 to 1.07; No. 2 hard 1.01 to 1.05; No. 3 hard 99 to 1.02; No. 1 northern 1.21 to 1.23; No. 2 northern 1.05 to 1.08 1-2; No. 3 spring new 1.00 to 1.05; durum 90 to 96.

Corn—No. 2, 64 1-2; No. 2 white 64 3-4 to 65; No. 2 yellow 64 1-2 to 65; No. 3, 64; No. 3 white 64 to 64 1-4; No. 3 yellow 64 to 64 1-4; No. 4, 63 to 63 1-2; No. 4 white 63 1-2; No. 4 yellow 63 1-2.

Oats—No. 2, 35 3-4 to 36; No. 2, 35 1-2 to 36; No. 3, 33 1-2 to 35 3-4; No. 3 white 34 3-4 to 35 1-2; No. 4, 33; No. 4 white 34 1-4 to 35 1-4; standard 35 1-4 to 35 3-4.

THE FINANCIAL MARKET.

New York, Aug. 17.—Money on call easy, 1 1-2 to 1 3-4; ruling rate, 1 1-2; closing bid, 1 1-4; offered at 1 3-4. Time loans very dull and easy; 60 days, 3 per cent; 90 days, 3 1-2; six months, 4 1-2 to 4 3-4. Prime mercantile paper, 5 1-2 to 6 per cent. Sterling exchange steady at an advance, with actual business in bankers' bills at 4.83.80 to 4.83.90 for 60-day bills, and at 4.86 for demand. Commercial bills, 4.83 1-8 to 4.83 5-8. Bar silver, 53. Mexican dollars, 44.

DRY GOODS MARKET.

New York, Aug. 17.—The special dress goods sale of the day was the most successful distribution of this class of merchandise during the year, jobbers, retailers and out-of-town cutters being the principal operators. Cotton goods held steady, with the demand broadening slowly. Printed silks are being ordered more freely for Spring, and there is an increased demand noted for ribbons. Yarns hold firm.

"Here's to the Land of the Sky, that gave us birth,
It's the best old land on this green earth;
We'll sing her a song, where e'er we roam;
Here's to God's own country—The land up home."

BIG EXCURSION TO RALEIGH—IT WILL BE THE EXCURSION OF THE YEAR.

Have you given a thought to the fact that there will take place on Thursday, August 25th, the biggest excursion of the Summer season? Have you consequently come to the conclusion that it is an event of which you should not fail to take advantage? Consider these facts. Don't pass up the opportunity of enjoying the greatest excursion ever run to Raleigh, or you will have occasion for regret as long as you live. This excursion will be under the management of Thomas H. Knight, which is sufficient guarantee that it will be the best that can be offered. The excursion will go via the Atlantic Coast Line and Southern Railway. Train will leave here at 5:30 a. m., and the fare is only $1.75 for the round trip. The return trip will be made leaving Raleigh at 10 p. m. same night.

HORSE MAKES RECORD.

Harvester, Driven by Ed Greers, Took Honors at Buffalo.

Buffalo, N. Y., Aug. 17.—World's records were made today at the Fort Erie track, when Harvester, driven by Ed Geers, covered a mile in 2:02, over a track said to be fully a second slow. The record time was made in the last heat of the 2:07 trot, distance being waived by the other started. Geers sent the Brown stallion away to a good start. The half was made in 1:01. The Harvester was faltering after the turn into the stretch, but Geers applied the whip, and the sutrdy son of Walnut Hall flashed under the wire with a champion's record. He had clipped a quarter of a second off the world's record for Cresceus, made nine years ago, established a new third heat record for stallions, mares or geldings, and also made a world's record for a 5-year-old trotter.

Dudie Archdale, heretofore unbeaten at and winner of the $10,000 M. and M. stake, and several other rich prizes, was beaten by Hail Worthy in the $5,000 George V. stake for 2:15 trotters.

SPORTS WERE FOOLED.

Thought Wrong Man Acting Mayor and Stopped the Bout.

New York, Aug. 17.—M. A. Luescher, just a plain citizen, mistakenly taken for John Purroy Mitchell, the acting mayor, caused all the mystery surrounding the stoppage of the Lang-Kaufman fight at the Fairmont Athletic Club last night. With a friend he went to witness the bout, and, learning in advance that the police would interfere, he hired a room adjoining the club quarters to watch proceedings. As he left he was hailed as the acting mayor, and the rumor spread that Mr. Mitchel had personally spied on the club before ordering the bout called off.

Mr. Mitchell, while admitting that he instructed Police Commissioner Baker to stop the bout, indignantly denied today that he was t here in person.

HURLED TO HIS DEATH.

Superintendent of Mill Met Horrible and Untimely End in Shaft.

Lancaster, Pa., Aug. 17.—Scott Hammaker, superintendent of the Pipe Mill of the Susquehanna Iron and Steel Company, met a horrible death in the mill at Columbia today. The protruding key of a knuckle on a belt caught the tail of his coat and he was drawn into the belt and whirled around a shaft which was making 1,200 revolutions a minute. Three feet away was an iron trough and with every revolution his leg struck it, both members being hammered off piece by piece up to the hips. His feet later were picked up 30 feet away. Below was another shaft against which his arms and thighs hit with each revolution. Every bone in his body was broken.

PEACE PLANS STARTED.

Renewed Effort to Settle—Street Car Strike in Columbus.

Columbus, Ohio, Aug. 17.—Following action on the part of the Columbus Railway & Light Company today in rejecting the offer of the city council to act as an arbitration board in setting the street car strike, Governor Harmon and Charles J. Pretzman, president of the Chamber of Commerce, tonight started new peace plans. Pretzman tomorrow will seek to get a formal offer from the company to reinstate its old men, with an advance in pay to 25 cents an hour, and with no recognition of the union.

Robert Mitchell, a piano salesman, died today of a fractured skull, sustained when he was hit by a brick while riding on a car last Sunday. The police have no details of the assault.

SOLDIERS ARE HONORED.

For Courage and Nerve in Fort Monroe Accident.

Washington, Aug. 17.—For nerve and courage displayed at the time of the explosion of a big gun at the recent target practice at Fort Monroe, Va., resulting in the death of eleven men, five soldiers were today awarded certificates of merit by the War Department.

They are: Private Charles C. Perks, Cook Wilmer H. Hawk, Private Fred Faulkner; Corporal William Bryan and Private D. C. Wigley, all of the Sixty-ninth Company, Coast Artillery.

BROWNE WILL BE TRIED.

In Chicago Despite Effforts to "Fix" Jury Says Lawyer.

Chicago, Aug. 17.—Despite disclosures of wholesale attempts to investigate veniremen in the case of Lee O'Neil Browne by agents acting for persons not named in court, State's Attorney Wayman declared tonight that the trial of Browne for alleged bribery in connection with the election of Senator Lorimer would proceed in Chicago.

Judge Kersten declared that further investigation of the alleged attempts to influence veniremen was in the hands of the state's attorney.

CALIFORNIA PRIMARIES

Lincoln-Roosevelt League Won According to Late Returns.

San Francisco, Aug. 17.—Returns coming in slowly from all sections of the State seem but to add to the completeness of the victory scored in yesterday's primary election by the Lincoln-Roosevelt League, as the insurgent faction of the Republican Party in California is designated.

It is estimated that the plurality of Hiram Johnson, its candidate for Governor will not be less than 20,000. Charles F. Curry, who ran second for the Gubernatorial nomination leads Alden Anderson, the regular organization nominee by a greater margin.

Two stalwart Congressmen, Duncan McKinley in the second district and James McLachlan in the seventh, apparently have been defeated. William E. Kent for whom Gifford Pinchot "stumped" the second district leads McKinley by a narrow margin, while W. D. Stevens has a similar lead of McLachin. E. A. Hayes, insurgent incumbent member has been renominated. Englebright and English, regulars, appear to have been renominated in the first and eighth districts, respectively.

Figures on the advisory vote for United States Senator to succeed Frank P. Flint are far from complete, but in all of the returns John D. Works, the choice of the Lincoln-Roosevelt League, appears to be in the lead.

It is apparent that Johnson has carried along virtually all of the insurgent State ticket with him.

Los Angeles, Cal., Aug. 17.—The renomination of Congressman Sylvester C. Smith, of the eighth California district, a supporter of Speaker Cannon, is in doubt. Kirby, of San Diego, the "insurgent" candidate is showing unexpected strength and Smith himself expressed doubt as to the outcome. Smith is a member of the Rules Committee of the House.

San Francisco, Aug. 17. — The plurality of Hiram W. Johnson, insurgent candidate for the Republican nomination for governor, now is estimated at 30,000. Alden Anderson, regular Republican, did not carry a single county.

It is now certain that William Kent, insurgent, defeated Congressman Duncan E. McKinley for the Republican Congressional nomination in the Second district. W. D. Stephens, insurgent, won over James McLachlan, regular in the Seventh Congressional. Sylvester C. Smith, regular, won the Eighth district.

E. A. Hayes, insurgent incumbent of the Fifth Congressional district, was nominated.

While the advisory vote on United States Senator to succeed Senator Flint is incomplete, John D. Works, insurgent, has 5,000 votes more than Edwin Meserve. A. G. Spalding, of San Diego, is running third.

RESULTS IN NEBRASKA.

Primary Returns of Tuesday's Election—Democrats.

Lincoln, Neb., Aug. 17.—Primary returns on the Tuesday election are being received very slowly except from the cities of the State. Congressman C. W. Norris, of the Fifth district, was renominated without opposition; A. L. Sutton, Progressive, won in the Second district; Boyd, Progressive, leads Brian, stand-pat Republican, in the Third district. Senator Burkett has won a renomination over C. O. Wheden, Insurgent candidate for United States Senator, by a margin of a fourth of his vote.

G. M. Hitchcock has defeated R. L. Metcalf, for the Democratic nomination for United States Senator, two to one. It seems likely that Governor Shallenberger will be renominated on the Democratic ticket over Mayor Dahlman for governor. There appears to be no question that Aldrich, county option candidate for Governor, has defeated Cady for the nomination.

Omaha, Neb., Aug. 17.—Returns received tonight from yesterday's primary election show a material reduction in the lead of Mayor James C. Dahlman, of Omaha, Democratic candidate for Governor, over Governor Shallenberger. With the returns in from most of the counties carried by the mayor, the indications are that Gov. Shallenberger will have a majority of 8,000 to overcome. Indications tonight are that Dahlman will win with a small majority.

Aldrich leads Cady for the Republican nomination on the face of the returns outside of Douglas county (Omaha) where Cady received a majority of 2,500.

GAMBLING AT RACES

Book-Makers Defy Order of Harmon at Rockport.

Cleveland, O., Aug. 17.—Hand bookmakers worked quietly among the spectators at the Lake Erie circuit races at Rockport today, evading Sheriff Hirstius, who was present to carry out the orders of Governor Harmon against gambling. No pools were sold, despite the announcement of Harry K. Devereaux, president of the Forest City Live Stock and Farm Company that his arrest at the North Randall track last week would not stop the auctions. Only the two races were run the remaining events on the proposed four day card having been called off, following the governor's crusade and the arrest of President Devereaux.

MUNSEY AUTOS ARRIVE

Cars In Endurance Run Reached New London, Conn.

New London, Conn., Aug. 17.—The Monsey Reliability Automobile touring party which left West Point, N. Y., this morning arrived here late today covering a distance of 167 miles for the day's run. The first pilot car arrived here at 3:15, the second pilot car following a few minutes later. The remainder of the cars followed each other slowly and it was after 6 o'clock before all the 28 cars had arrived. In the day's run good roads were encountered the entire distance and the trip was made without an accident.

TWO CITIES' POULATION

Indianapolis 233,650 and Albany is 100,253.

Washington, Aug. 17.—The population of Indianapolis, Ind., is 233,650, an increase of 64,486, or 38.1 per cent. as compared with 169,164 in 1900.

The population of Albany, N. Y., is 100,253, an increase of 6.102 or 6.5 per cent., as compared with 94,151 in 1900.

RULES TO GOVERN FOOTBALL

Changes Revolutionize the Game to Lessen Danger of Fatal Accidents —Flying Tackle Eliminated —Adopted.

New York, Aug. 17.—The football rules committee today made public the rules which are to govern the conduct of the gridiron game during the season of 1910.

The changes adopted are revolutionary in character and calculated to minimize greatly the danger of fatal accidents existing under the old rules.

The time of play is divided into four periods of 15 minutes duration instead of the traditional two halves of 35 minutes each. The usual intermission of 15 minutes is maintained between the second and third period, but an intermission of three minutes only is allowed between the first and second and third and fourth periods. During this short intermission no player will be allowed to leave the field.

At the beginning of the second and fourth periods the teams change goals. Another radical change is that governing the flying tackle. This has been entirely eliminated by a new ruling which provides that a player must have one foot at least on the ground when tackling an opponent.

This year's rule provides that a player is only qualified to receive a forward pass when he is at least one yard back of his own line of scrimmage or occupies the position on the end of said line. No man may make a forward pass or kick the ball unless he is five yards back of the line of scrimmage.

The territory forward of the line of scrimmage, and consequently in the enemy's camp, is adjudged neutral for a distance of 20 yards pending the completion of a forward pass or kick.

In the case of a kick, the player on the defense within the 20 yard zone must not interfere with the ends, or other players in anyway until their opponents have advanced 20 yards beyond the line of scrimmage.

Interlock interference, that is players of the side having the ball taking hold of each other or using their hands or arms to grasp their team mates is forbidden. The new rules already have been adopted by the large colleges.

Indianapolis, Ind., Aug. 17.—Samuel Gompers, president of the American Federation of Labor, appeared in the special convention of United Mine Workers today, and denied that he was in Indianapolis in the interest of any faction in the miners' organization. He stated that the object of his visit was to meet with other members of the executive board of the American Federation of Labor, to hear the application of President Charles Moyer, of the Western Federation of Miners, for admission into the federation.

Curling, N. F., Aug. 17.—Six persons were killed and four injured today by an explosion on a gasoline ferry boat plying between St. George's and Sandy Point. The boat was wrecked. The upper deck was torn to pieces and several of the passengers were thrown into the water. They escaped serious injury, but of those who remained aboard only one escaped. Among the victims were two women tourists.

Newport, R. I., Aug. 17.—Harold H. Hackett and Fred B. Alexander, of New York, the veteran doubles pair, won the national lawn tennis championship in doubles for the fourth successive time today, defeating T. C. Bundy and Trowbridge Hendrick, of California, in straight sets. The scores were 6-1, 8-6, 6-3.

Washington, Aug. 17.—The Central Texas National Bank, of Waco, Texas, with a capital of $300,000, was today authorized by the Comptroller of the Currency to begin business.

A Speedy Cure for

Constipation, Biliousness, Dyspepsia, Indigestion, Liver Complaints, Tired Feeling, Bad Taste in the Mouth, Bad Complexion, Nervousness and all diseases of the Stomach, Liver and Bowels.

"Bloodine Liver Pills"

act gently, yet thoroughly upon the bowels, liver, stomach and digestive organs. The pills, in old and chronic cases of constipation and indigestion, act at once, without griping, nor do they leave any unpleasant after-effects, nor form a constant habit of purging, produced by other cathartic remedies.

"Bloodine Liver Pills"

restore the deranged and torpid liver to its normal condition and healthful action. Remove and prevent constipation by securing a natural and regular operation of the bowels, and relieve those unpleasant symptoms which attend a diseased or morbid condition of the liver, stomach and bowels. To assist to attaining this end, the following suggestions are offered.

REMARKS. Everyone who uses pills for their action on the liver, should know that large doses rarely prove as satisfactory as small ones. Large doses simply purge and pass out of the system, usually leaving the bowels constipated, and seldom removing the cause of the trouble, or improve the general health. On the other hand, small doses develop the alterative effect of the medicine, do not irritate or constipate the bowels, but gently stimulate the liver and prevent the accumulation of bile by directing its flow into the proper channels. Therefore it is advisable to commence by taking not over one or two pills at bedtime and increase dose as necessary.

PORTLAND, ME.

GENTS:—I find your "Bloodine Liver Pills" the most effective pill I ever used. They cause no griping or constipative after effect as most liver pills do. Yours truly,

MRS. AMADA RICHARDSON.

25 Words, 25c

Baton Rouge, La., Aug. 17.—The Senate today passed the special tax and bond issue bill providing $6,500,000 for the Panama Exposition Company of New Orleans. The bill now goes to the House, where assurances have been given of its passage next Friday. With popular subscriptions in New Orleans, this will give the promotors of the exposition considerably more than the $7,500,000 recommended by Congress.

Charlotte, N. C., Aug. 17—C. G. Spencer, World's Champion Trapshooter, won the Buford Hotel Trophy in the first event of the three day's tournament which begun today under the auspices of the North Carolina Trapshooters Association. Walter Huff, of Atlanta, who was second, won first prize in the 200 target event.

The New Bonds

If you have North Carolina Four Per Cent Bonds, due July 1st, 1910, send them to us for payment or exchange for the new issue. We purchased $150,000.00 of the new Bonds, which are free of all taxes, and being a State depository are prepared to take up the maturing Bonds.

THE SOUTHERN NATIONAL BANK

STAR BUSINESS LOCALS

Advertisements inserted under this head one cent per word for each insertion but no advertisement taken for less than 25c. Additional words, more than 25, one cent per word. Unless the advertiser has a regular account, all advertisements under this head are STRICTLY CASH IN ADVANCE, the amount being too small to warrant a charge. The Star will send without charge, A. D. T. (Western Union) Messenger to any address in the city for advertisements in this department upon request by 'Phone to No. 51. A. D. T. Messenger will also call for telegrams for the Western Union Telegraph Co., or for notes or small packages to be delivered anywhere in the city. No charge for the telegrams but a small charge for strictly A. D. T. calls or telephone subscribers may at any time telephone their telegrams, bills rendered to suit the sender, daily, weekly or monthly.. For this service call Western Union. 'Phone No. 2. But for advertisements always call the Star office No. 51. Copy for Business Locals cannot be taken over the telephone but upon request Messenger will be dispatched to any part of the city for them.

How to Own The Oliver Typewriter For 17c a Day

You don't have to draw on your Bank Account when you pay on the Penny Plan.

You need not disturb your Dolltrs Keep them at work earning interest!

We offer our newest model, the Oliver Typewriter No. 5—fresh from the factory—for Seventeen Cents a Day.

The plan is printed in "black and white" on the Application Blank below.

Simply fill out the blank, attach the small first payment, send it in, and on comes the Oliver!

No tedious wait! No red tape! No long-drawn-out correspondence!

You quickly own your Oliver and scarcely notice the outlay. You can have the use of your machine while pennies are "paying the freight."

You will never have a better chance to test the power of pennies.

The Oliver is everywhere!

It's the universal typewriter. Reels off real work with the ease and speed demanded by this mile-a-minute age. Wherever you turn—in Business in Offices, great or small—In the quiet of the Home—in the roar of the Railroad and Telegraph service—in the seething maelstrom of modern Newspaperdom—in countless kinds of service—it's the sturdy, strenuous Oliver that's "making the wheels go round."

The OLIVER Typewriter
The Standard Visible Writer.

You need your Oliver now. It's yours almost for the asking. The biggest hundred dollars' worth in America—for Seventeen Cents a Day!

Send along the Application Blank, with a small first payment of $15 as an evidence of good faith.

Your check is good—or send draft, postoffice of express money order.
